## Parable Of The Talents:

**Parable of the Talents** Octavia E. Butler, 2023-03-28 From a celebrated author the thrilling sequel to *The Parable of the Sower* a cautionary novel ahead of its time perfect for fans of *The Broken Earth* trilogy In 2032 Lauren Olamina has survived the destruction and ruin of everything she knew Her peaceful community based on her newly founded faith Earthseed provides refuge for outcasts facing persecution after the election of an ultra conservative president Under his rule Lauren's colony a minority religious faction led by a young Black woman becomes a target for the president's reign of terror and oppression Years later Asha Vere reads the journals of a mother she never knew As she searches for answers she struggles to reconcile with the legacy of a mother caught between her duty to her chosen family and her calling to lead humankind into a better future In the ongoing contest over which dystopian classic is most applicable to our time Octavia Butler's *Parable* books may be unmatched *The New Yorker* [The Parable of the Talents](#) Nicole E. Dreyer, 2007-07-01 This book retells Jesus' parable of the Talents Matthew 25:14-30 and Luke 19:12-27 The Arch Book series tells popular Bible stories through fun to read rhymes and bright illustrations This well-loved series captures the attention of children telling scripturally sound stories that are enjoyable and easy to remember **The Parable of the Talents** PARABLE., 1861 **The Parable of the Talents** Stephen M. Bainbridge, 2017 On its surface Jesus' Parable of the Talents is a simple story with four key plot elements 1 A master is leaving on a long trip and entrusts substantial assets to three servants to manage during his absence 2 Two of the servants invested the assets profitably earning substantial returns but a third servant frightened of his master's reputation as a hard taskmaster put the money away for safekeeping and failed even to earn interest on it 3 The master returns and demands an accounting from the servants 4 The two servants who invested wisely were rewarded but the servant who failed to do so is punished Neither the master nor any of the servants make any appeal to legal standards but it seems improbable that there was no background set of rules against which the story plays out To the legal mind the Parable thus raises some interesting questions What was the relationship between the master and the servant What were the servant's duties How do the likely answers to those questions map to modern relations such as those of principal and agent Curiously however there are almost no detailed analyses of these questions in Anglo-American legal scholarship This project seeks to fill that gap *Unity*, 1884 *The Scottish sabbath school teachers' book.
