## **Parables In Midrash Narrative And Exegesis In Rabbinic Literature:**

**Parables in Midrash** David Stern, 1994 David Stern shows how the parable or mashal the most distinctive type of narrative in midrash was composed how its symbolism works and how it serves to convey the ideological convictions of the rabbis He describes its relation to similar tales in other literatures including the parables of Jesus in the New Testament and kabbalistic parables Through its innovative approach to midrash this study reaches beyond its particular subject and will appeal to all readers interested in narrative and religion

### **Rabbinic Narrative: A Documentary Perspective, Volume Three**

Jacob Neusner, 2021-11-22 Each Rabbinic document from the Mishnah through the Bavli defines itself by a unique combination of indicative traits of rhetoric topic and particular logic that governs its coherent discourse But narratives in the same canonical compilations do not conform to the documentary indicators that govern in these compilations respectively They form an anomaly for the documentary reading of the Rabbinic canon of the formative age To remove that anomaly this project classifies the types and forms of narratives and shows that particular documents exhibit distinctive preferences among those types This detailed systematic classification of Rabbinic narrative supplies these facts concerning the classification of narratives and their regularities 1 what are the types and forms of narrative in a given document 2 how are these distinctive types and forms of narrative distributed across the canonical documents of the formative age the first six centuries C E The answers for the documentary preferences are in Volumes One through Three for the Mishnah Tosefta the Tannaite Midrash compilations and Rabbah Midrash compilations respectively Volume Four then sets forth the documentary history of each of the types of Rabbinic narrative including the authentic narrative the ma aseh and the mashal How the traits of the several types of narratives shift as the respective types move from document to document is spelled out in complete detail This project opens an entirely new road toward the documentary analysis of Rabbinic narrative It fills out an important chapter in the documentary hypothesis of the Rabbinic canon in the formative age

*Parables in Changing Contexts* Marcel Poorthuis, Eric Ottenheim, 2019-12-30 In Parables in Changing Contexts new venues in the comparative study of parables are addressed by scholars of Judaism New Testament Buddhism and Islam Essays cover parables in the synoptic Gospels Rabbinic midrash and parabolic tales and fables in the Babylonian Talmud Three essays address parables in Islam and Buddhism The volume shows how parables are suitably adapted in terms of form and rhetoric to enhance religious identity formation Parables serve as media as sensational forms making the sacred present albeit encoded or riddled in all cases invoking the listener s active interpretative participation and cultural imagination Adapting a multidisciplinary approach to these gems of storytelling parables in a particular way provide new insights in the cultures that produced them

**Exegetical Crossroads** Georges Tamer, Regina Grundmann, Assaad Elias Kattan, Karl Pinggéra, 2017-12-18 The art of interpreting Holy Scriptures flourished throughout the culturally heterogeneous pre modern Orient among Jews Christians and Muslims Different ways of interpretation developed within each religion not without considering the others How were

the interactions and how productive were they for the further development of these traditions Have there been blurred spaces of scholarly activity that transcended sectarian borders What was the role played by mutual influences in profiling the own tradition against the others These and other related questions are critically treated in the present volume

**Expressions of Sceptical Topoi in (Late) Antique Judaism** Reuven Kiperwasser,Geoffrey Herman,2021-07-19 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy and Religion and the Yearbook of the Maimonides Centre for Advances Studies *The Power of Parables* ,2023-11-07 The Power of Parables documents the surprising ways in which Jewish and Christian parables bridge religion with daily life This 2019 conference volume rediscovers the original power of parables to shock and affect their audience which has since been reduced by centuries of preaching and repetition Not only do parables enhance the perspective on Scripture or the kingdom of heaven they also change the sensory regime of the audience in perceiving the outer world The theological differences in their applications appear secondary in view of their powerful rhetoric and suggest a shared genre

**Midrash and Theory** David Stern,1996 In Midrash and Theory David Stern presents an approach to midrashic literature through the prism of contemporary theory As midrash the literature of classical Jewish Scriptural interpretation has become the focus of new interest in contemporary literary circles it has been invoked as a precursor of post structuralist theory and criticism At the same time the midrashic imagination has undergone a revival in the larger Jewish community and shown itself capable of exercising a powerful influence and hold on a new type of contemporary Jewish writing Stern examines this resurgence of fascination with ancient Jewish interpretation from the perspective of the cultural relevance of midrash and its connection to its original historical and literary contexts *Introduction to the Talmud and Midrash* Hermann Leberecht Strack,Günter Stemberger,1996 Based on Stracks classic introduction this is a comprehensive fully revised and up to date reference to rabbinic literature

**Levinas and Medieval Literature** Ann W. Astell,Justin A. Jackson,2009 Twelve essays take the unique approach of connecting Christian allegory talmudic hermeneutics and Levinasian interpretation as authors put into dialogue the ethical philosophy of Emmanuel Levinas with a variety of English and rabbinic writings from the Middle Ages thus illuminating what it means to classify medieval texts as profoundly ethical Provided by

Achard-Bayle, 2015 Au IXe siècle la tradition arabe de l'adab parvient en Espagne en al-Andalus plaque tournante où les savoirs venus d'Orient changent les connaissances chrétiennes de la Péninsule en partie grâce au rôle de relais pour l'Occident que jouent dès le XIe siècle les centres monacaux du nord de l'Espagne. L'adab rencontre en al-Andalus la tradition sapientielle juive de la littérature midrashique. Des recueils sont composés des œuvres originales produites aux Xe et XIe siècles et, à partir du XIIe siècle, les recueils d'exempla et de dits des philosophes sont traduits en hébreu, Provence, en latin et en langues romanes. Cet héritage complexe se retrouve en bonne partie dans la littérature espagnole des XVIe et XVIIe siècles et dans les proverbiers espagnols juifs, espagnols et maghrébins contemporains. Si les grandes lignes de ces changements sont connues, on ne sait rien de précis de la circulation effective de ces nons sapientiels, brefs ou unités de travail, des choix successifs faits par les traducteurs des interprétations culturelles, ni du poids d'un emprunt par rapport à un autre. Les filiations des textes de sagesse et l'ordre des traductions sont sujets à caution. A fortiori, celui des nons sapientiels brefs qui ils contiennent. Ces nons sapientiels brefs n'ont pas fait l'objet d'une étude d'ensemble qui retrace leur circulation, traversant les différentes langues savantes et vernaculaires de la Péninsule. Il s'agit de reconstruire les cheminement des textes et des traductions, les transformations des unités sapientielles qui en résultent et qui rendent compte, enfin, de leurs sources et de leur post-traitement. Le projet ALIENTO entend répondre à ces questions. Il vise donc à calculer les concordances partielles ou totales des textes, leurs connexions proches et lointaines, afin de valoriser les relations intertextuelles en confrontant une tâche quantitativement unités et en croisant des textes crits dans des langues différentes. Le projet repose sur une collaboration interdisciplinaire, troisième entre les chercheurs informaticiens ATILF et les spécialistes des textes et linguistes de l'Université de Lorraine MSH Lorraine INALCO et leur réseau international de collaborateurs. La collection ALIENTO met à disposition des chercheurs les travaux effectués lors des rencontres annuelles et les chantiers au cours de l'avancement du projet, traversant la publication régulière des résultats obtenus. Ce numéro est consacré à une réflexion sur l'interprétation et la circulation, formulation et reformulation de concepts théologiques et moraux et leur utilisation dans la littérature sapientielle. La dernière section porte plus spécifiquement sur la spécificité des nons sapientiels P 4 of cover **Hesed Ve-emet**, Ernest S. Frerichs, 1998
