L'inexistence de l'État en Afrique contemporaine et l'opérationnalisation des alternatives politiques émancipatrices, 2025-09-04 Ce numéro procède d'une construction radicale et pluridisciplinaire des théories de l'état en Afrique postcoloniale en corroborant dans les faits et l'analyse politique l'impact total de la greffe de l'État sur la politique de l'état occidental dans les sociétés africaines contemporaines Le sommet de cette entreprise de construction philosophique politique métaphysique et politique réside dans le rejet catégorique de l'hégémonie idéologique que Jean François Bayart et ses disciples de l'école africaniste de Paris continuent d'exercer dans les universités en Afrique et partout ailleurs en Occident Toute théorie sur l'état en Afrique doit nécessairement tenir compte de l'imbrication dialectique entre le visible et l'invisible le politique et le religieux les vivants et les morts Dieu et les ancêtres dans la conception la définition et la résolution des problèmes inhérents au vivre ensemble dans les sociétés africaines qui se définissent d'abord et surtout selon des schèmes métaphysiques idéologiques et holistiques des religions traditionnelles africaines C'est ce qui explique que l'impicentre et le logiciel pour comprendre les crises sociales et politiques récurrentes de la postcolonie s'expriment dans le langage magico religieux des sorcelleries des possessions par les esprits des envoiements et des empoisonnements
