The Roman Empire in Luke's Narrative Kazuhiko Yamazaki-Ransom,2019-05-30 Employing a historically informed narrative critical approach to Luke Acts this work illuminates Luke s portrayals of Roman officials in light of the Jewish portrayals of Gentile rulers in both the Old Testament and in Second Temple literature It explores the intertextual relationship of Luke Acts with preceding Jewish literature going beyond quotations and clear allusions Luke s worldview is holistic both Jewish and Roman authorities are under the authority of the Roman emperor who is in turn under Satan s authority False dichotomies such as those between Jewish and Roman political and religious and supernatural and earthly must be avoided In this interpretative framework five Roman provincial governors and three Herodian rulers are examined Luke s portrayals of Roman and Herodian rulers reflect certain patterns found in Jewish literature concerning the relationship between God Israel and Gentile rulers Luke s portrayals of Roman and Jewish rulers are shown as having several important narrative functions They not only shed light on the political background of early Christianity but also illuminate theology Christology and ecclesiology in Luke Acts

Dataquest ,1995 **Bibliographic Guide to East Asian Studies** ,1993 **Acronyms, Initialisms & Abbreviations Dictionary** ,2000-10 Each volume separately titled v 1 Acronyms initialisms v 2 New acronyms initialisms v 3 Reverse acronyms initialisms abbreviations dictionary formerly issued

independently as Reverse acronyms and initialisms dictionary *Acronyms, Initialisms & Abbreviations Dictionary* Mary Rose Bonk,2003 *Bees, Wasps, and Weasels* Blaženka Scheuer,2023-07-25 In this book Blaženka Scheuer explores the zoomorphic content of Zibburta bee wasp and Karkuta weasel demeaning names given by R Nathan of b Meg 14b to Deborah and Huldah two distinguished prophets of the Hebrew Bible Looking closely at relevant texts she explores ancient beliefs about bees wasps and weasels recounting a variety of key literary and visual motifs that highlight the different attributes of these animals Scheuer demonstrates the multiple ways in which zoomorphic images were used as interpretative keys both in the formation of Deborah and Huldah stories in the Hebrew Bible and in their subsequent versions In a constant process of interaction with their cultural contexts such zoomorphism represents an attempt to define the rabbinic beliefs about the role of women in Jewish tradition but also about the nature of God Scheuer argues that the symbolic association of bees and weasels with asexual conception and birth also made the zoomorphic slurs about Deborah and Huldah effective as an argument against the doctrine of virgin birth in early Christianity Emphasizing the foundational process of constant negotiation of traditions and textual interpretations Scheuer exposes the culturally rich and religiously competitive world in which the biblical texts were transmitted

Old Testament Theology Robin Routledge,2020-05-21 Numerous useful books on Old Testament theology are now available However they often give too much information or too little Some can seem large and daunting to the ordinary student or pastor and because of their layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge's aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today

Messianism Within the Scriptural Scroll of Isaiah Randall Heskett,2007-09-20 This work re-examines the traditional messianic texts in Isaiah used by later Judaism and/or Christianity Older modern historical criticisms tended to focus on the historical origins of Israelite traditions so that most of the texts traditionally regarded as messianic came to be understood as non-messianic However Heskett uses various historical critical methods and other contextual methodologies to show how smaller units of non-messianic tradition in the prehistory of the book gained a new messianic significance when they became part of the book of Isaiah as a whole From that perspective there are arguments for some messianic promises within the book

of Isaiah showing that within the book's scriptural context the texts themselves provide a warrant for messianic readings This study takes into account the important similarities and differences in Jewish and Christian perceptions of the same

Reverse Acronyms, Initialisms, & Abbreviations Dictionary ,2007 **The New Interpreter's Bible: Introduction to apocalyptic literature, Daniel, Additions to Daniel, Hosea, Joel, Amos, Obadiah, Jonah, Micah, Nahum, Habakkuk, Zephania, Haggai, Zecharia, Malachi** ,1994 History and Ideology in the Old Testament Prophetic Literature Antti

Laato,1996 In this study arguments are put forward for the thesis that biblical exegesis of the Old Testament prophetic literature is not a simple matter of interpreting texts but is also a process in which logical models or possible worlds are constructed to accommodate the validity of particular interpretations The lack of a model theoretical orientation to Old Testament methodological approaches has led to a situation in which the criticism of particular theories rarely addresses the real points of disagreement between scholars One theory is simply set against another even though the theories would be more effectively evaluated by discussing the validity and relevance of the different models in which they are framed There are various plausible and relevant models available for the interpretation of Old Testament texts In order to compare these different models a metalogical system Charles Sanders Peirce's semiotics has been used throughout this study Many important methodological issues are discussed in this study a **Israelite Wisdom** Samuel L. Terrien,John G. Gammie,1978
