Bell, 2008 This unique manual was developed to help parents assist their children in dealing with bullying situations. If parents know how to look within their hearts to find the answers they need, parenting techniques are not necessary. If parents know how to find a loving connection with their children at most times, discipline and consequences are rarely necessary.

All parents have it within them to bring out the best in their children. Approaching parents in this way makes parenting a true pleasure instead of the battle and chore it often becomes.
