The authors have made this edition more compact by shifting some material to a new edition of Active Voice and by abridging matters that no longer need to be dealt with at length because the profession is catching up with the book. They have recast some matters to tie in with current vocabulary and understanding and some practices have been updated to utilize current technology. In this fourth edition the book is shorter in length but broader in perspective as it continues to break new ground to integrate language arts with other learning.
