## Mighty Mule 350 Problems:

Explorer of the Universe: A Biography of George Ellery Hale Helen Wright, 2021-03-18 George Ellery Hale 1868 1938 is the subject of this impressive biography Wright charts Hale's steady progress towards leadership in the nascent field of astrophysics from his childhood experiments at home in Chicago through student days at MIT to his first observatory at Kenwood all of which demonstrate his passion for unravelling the secrets of nature through the then new medium of spectroscopy This enthusiasm led him into contact with most of his peers both in America and beyond Lockyer Huggins Pickering Rowland and many more many of whom remained close associates and correspondents for years after Probably this sense of community made Hale so active in the organization of science including the formation of the AAS American Astronomical Society the IAU International Astronomical Union and ICSU International Council of Scientific Unions It also gave him the contacts to give the Astrophysical Journal such a good start in 1895 Perhaps the greatest debt we owe Hale is for his relentless drive towards the creation of ever bigger and better facilities starting with the still unsurpassed Yerkes refractor continuing with the solar telescopes on Mt Wilson and then the 60 and 100 inch telescopes on the same peak and concluding with the 200 inch at Mt Palomar Scientifically Hale's lifelong affair with the Sun brought him success in the detection of magnetic fields and early studies of surface activity by means of the spectroheliograph he developed and for which he was duly fitted and the frustrations of trying to record the corona But these were early successes and as astropolitics and finance took an ever increasing share of his time he was able to contribute less than he would have liked Part of the problem was the illness with both physical and mental symptoms which progressively plagued the life of this hyperactive polymath it is sad to note his decline which prevented him playing a fuller part in the creation of what was to become his memorial this biography is something of a classic on one of astronomy's giants David Strickland *The Observatory* This important biography is well written and is highly recommended A E Covington *Journal of the Royal Astronomical Society* of Canada An outstanding biography of this most remarkable man Helen Wright has done a superb job of tracing Hale's development not only of new and powerful instruments and of his important discoveries of sunspot magnetic fields and the law of reversing polarities but also of the embryonic state of American science in the early days of this century an authoritative biography of one of the most influential men of science this country has produced The book will bring to contemporary scientists and historians the story of this unique astronomer whose life is of such special interest to the Caltech community Allan Sandage *Caltech Magazine* formerly *Engineering and Science* Helen Wright gives a detailed account of the life and almost frantic activities of this remarkable scientific leader In summarizing astrophysical events of the years 1880 to 1950 Wright has provided a useful and fascinating account of scientific development that led to the preeminence of the United States Thornton Page *Science* In writing the story of Hale's origins career and bequest to posterity Helen Wright has richly served her fellow astronomers No one else could have done so well Her account preserves

an admirable balance in presenting Hale not only as a doer but also as a dreamer Miss Wright's excellent biography covers the highlights of his career Miss Wright's book is highly authentic Harlow Shapley Scientific American Published under license from Springer Science Business Media LLC part of Springer Nature *Congressional Record* United States. Congress, 1951 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Public Opinion**, 1872 **Princeton Alumni Weekly**, 1976 *Farmers' Review*, 1897 Moore's Rural New-Yorker, 1898 **Airways**, 2009 **Backpacker**, 1996-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured **The Louisville & Nashville Employes' Magazine**, 1946 *Cue*, 1958 The Country Gentleman, 1946 Hardware World, 1950 **Schwann Spectrum** Schwann Publications, Schwann Publications Staff, 1996-11 **Grain World**, 1904 *The Explosives Engineer* Nelson Sutro Greensfelder, Harry Roberts (Jr.), 1927 **MacRae's Industrial Directory**, 1995 Woman's World, 1926 **Moore's Rural New Yorker**, 1912 **Public Opinion**, 1872-07 Farm Journal, 1946
