### **Start-Up Financing. Where can a**

**fresh entrepreneur start looking for help and financial support?** Daniel Keller,2017-09-19 Research Paper

undergraduate from the year 2016 in the subject Business economics Company formation Business Plans grade 1 7

University of Applied Sciences Rosenheim Wirtschaft course Betriebswirtschaftliches Seminar language English abstract To

have a great idea for a Start up is a very good predisposition for a successful business Despite this amazing thought

unfortunately a lot of Start ups fail at the beginning According to the statistics 34% of entrepreneurs are 20 29 years old and

40% are between 30 39 years old once they start their first business Most of the people in this age are already well educated

and they do not have many savings It makes them look for alternatives which could support the first critical years of their

Start up At the beginning no one wants to invest in an unknown business which leaves them with the idea of borrowing

money elsewhere As a matter of fact no one wants to take a disadvantageous loan so young entrepreneurs usually ask their

family and friends for help but by taking this kind of money they are putting the good friendships and relationships at stake

So what are the options Where can a fresh entrepreneur start looking for help and financial support The answer should be

clearer after reading this paper The goal we are trying to reach is to give a better overview of the options of financing the

advantages and disadvantages of different methods and show it on real life examples One of the most important thing is to be

well informed about the possibilities which are available so it may come to the realization of the original idea and building of

a successful Start up In order to give a better insight on this topic we will also choose existing Start ups and analyse what

methods they have used how they were implemented and what they had to give in return We will pick not only from the

successful ones but also from the less fortunate businesses as it s important to understand the know how of winners just as

important as to know the mistakes of others
