American Reich Eric Lichtblau, 2026-01-06 From the Pulitzer winning author of the New York Times bestseller *The Nazis Next Door* A deeply reported exploration of the violent resurgence of hatred and white supremacy through the lens of Orange County California ground zero for racial extremism and the story of one brutal murder there that revealed the deep roots of violent bigotry as a bellwether for the country One night in early 2018 while he was home from college an Ivy League student named Blaze

Bernstein snuck out of his parents house in Orange County. Waiting for him in a car outside was an old high school classmate Sam Woodward, someone who Blaze mostly remembered as a brooding bigoted loner. But that night after months of flirtatious messaging, Sam had succeeded in coaxing Blaze, a gay Jewish sophomore at UPenn, out for a rendezvous. No one would ever see him alive again. In *American Reich*, veteran investigative journalist Eric Lichtblau uses the story of Blaze's life and death to shine a light on the epidemic of hate in Southern California and increasingly the nation as a whole. Orange County has long been a bastion of the ultra right, carved out of farmland as a haven for wealthy whites fleeing the diversifying metropolis to the north. It was the birthplace of the far right John Birch Society, a hub for neo-Nazi recruitment and a powerful springboard for race-baiting Republican politicians including Richard Nixon and Ronald Reagan. But in the years leading up to Blaze's disappearance, Orange County was changing like the country as a whole. It was rapidly diversifying to the outrage of many of its white residents. No one was more opposed to the changes than America's resurgent neo-Nazi groups, one of which had recently gained a new member, Sam Woodward. Revealing how Orange County has exported racial hatred to the rest of the country and the world, *American Reich* weaves this tragic tale together with stories from across the nation showing what this haunted place and the colliding paths of two of its residents reveal about America's fractured soul and our hope for healing.

Foreign Direct Investment in Latin America and the Caribbean 2017 United Nations. Economic Commission for Latin America and the Caribbean, 2018-01-15. This publication sets out and analyses the main foreign direct investment (FDI) trends in the countries of Latin America and the Caribbean. The 2017 edition shows that the region is at a difficult juncture. FDI inflows declined by 7.9% in 2016 to US 167.043 billion, representing a cumulative fall of 17.0% since the peak in 2011. The fall in commodity prices continues to affect investments in natural resources, sluggish economic growth in several countries has slowed the flow of market-seeking capital, and the global backdrop of technological sophistication and expansion of the digital economy has concentrated transnational investments in developed economies. **Canadian Almanac and Directory 2018** House of Commons, 2017-12-21.
