Microsoft Dynamics Ax 2009 Programming Getting Started Erlend Dalen:

Microsoft Dynamics AX 2009 Programming Erlend Dalen, 2009-12-16 Annotation Microsoft Dynamics AX 2009 is Enterprise Resource Planning ERP software that comes with its own development environment and a programming language called X. It is specialized and optimized to solve the tasks that are typical of an ERP system. But the specialized development environment of AX brings a steep learning curve. Hence getting started with Dynamics AX and mastering it effectively can sometimes be daunting. This tutorial has been carefully structured to guide you through the basic features of AX development and get you started as quickly as possible. With this book you will soon be able to develop and maintain comprehensive management solutions for enhancing your application's performance. The book starts with a tour of the development environment which helps you gain a deep understanding of Dynamics AX tools and architecture. It will introduce you to the X language. It helps you to create new functionality that can be used and changed in the standard application. You'll also learn how to search, manipulate, and integrate data. The practical examples in this book take you through sample AX development projects and help you learn to create forms, reports, menu items, menus, and navigation pages. It also helps you work with the MorphX application. The author's experience of developing solutions with Dynamics AX enables him to share insights in an effective, clear, and friendly way. By the end of this book you will have a better understanding of the inner workings of Microsoft Dynamics AX, making your development simpler and faster and your applications fast, reliable, and robust.

Microsoft Dynamics AX 2009 Programming Erlend Dalen, 2005* **Reporting in TFS** Dipti Chhatrapati, 2015-04-09

This book is intended for developers, testers, architects, and project managers who want to explore and make use of the reporting facilities of Team Foundation Server 2013. Although no previous experience of reporting is required, a basic understanding of the Team Foundation Components and project templates would be a plus.
