**Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts** Mark Mahaney, 2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he's learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I've watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come

*Topologies as Techniques for a Post-Critical Rhetoric* Lynda Walsh, Casey Boyle, 2017-03-16 This book restores the concept of topology to its rhetorical roots to assist scholars who wish not just to criticize power dynamics but

also to invent alternatives Topology is a spatial rather than a causal method It works inductively to model discourse without reducing it to the actions of a few or resolving its inherent contradictions By putting topology back in tension with opportunity as originally designed the contributors to this volume open up new possibilities for post critical practice in wicked discourses of medicine technology literacy and the environment Readers of the volume will discover exactly how the discipline of rhetoric underscores and interacts with current notions of topology in philosophy design psychoanalysis and science studies

*The Danger of Devaluing Immigrants* Fariborz Ghadar, 2022-11-07 Despite deep divisions on the issue of immigration this book shows that immigration promotes economic innovation expands the job market and contributes to diversity and creativity in the United States Immigration as a conduit for bringing new talent ideas and inventions into the United States is essential to the success and vitality of our economy and society This timely book researched and written by the Immigration Book Project Team at Penn State University approaches immigration from historical economic business and sociological perspectives in order to argue that treatment of immigrants must reflect and applaud their critical roles in supporting and leading the economic social cultural and political institutions of civil society Approaching immigration as both a socioeconomic phenomenon and a matter of public policy *The Danger of Devaluing Immigrants* offers demographics and statistics on workforce participation and job creation along with stories of individual immigrants contributions to the economy and society It supports the idea that when immigration is challenged in the political sphere we must not lose sight of the valuable contributions that immigrants have made and will continue to make to our democracy
