Blockchain Simplified: A Comprehensive Beginner's Guide to Learn and Understand Blockchain Technology

Colm Gordon, 2018-10-11 These days it seems as though something related to blockchain technology is always making the news whether it's the latest highs or lows of the cryptocurrency market or some futuristic sounding tech company. Regardless of what you are interested in specifically it's safe to say that if you are interested in being on the cutting edge then blockchain is the place to be. If you are having a hard time making sense of what all of the fuss is about then **Blockchain Simplified: A Comprehensive Beginner's Guide to Learn and Understand Blockchain Technology** is the book you have been waiting for. Every blockchain is basically a decentralized database that stores data in a very specific way that allows it to be seen but not touched by anyone who needs to access it. When you take into account that it is also extremely secure it isn't hard to understand why experts are already calling it the most important new technology since the creation of the internet. Despite its great potential less than half the population can offer up a succinct definition which is why this book was created. Inside you will find a complete breakdown of the ins and outs of the technology including how it works why you would want to use it and how it can best be used to turn a profit regardless of the industry you are in. Furthermore you will find a detail look at the things you need to consider in order to ensure the technology is the right choice for you right now as well as mistakes to avoid in order to ensure the setup process is as smooth as possible. As with any new technology it is safe to say that blockchain is going to catapult a few early adopters to great heights while most will get in too late to make any real difference in the market. The good news is that it's not too late for you to ride that initial wave if you hurry. So what are you waiting for? Take control of your financial future and buy this book today. Inside you will find a complete breakdown of every part of the blockchain and what you need to know about each. The ways in which businesses are already taking advantage of blockchain and how you can too. Easy ways to tell if blockchain technology is the right choice for what your company wants to do. Blockchain projects to watch. And more.
