**Attacks on the Press** Committee to Protect Journalists, 2016-04-25 Attacks on the Press is the world's most comprehensive guide to international press freedom. Compiled by the Committee to Protect Journalists, this informative guide features analytical essays from CPJ and other experts and provides a platform for direct advocacy with governments and the diplomatic community to give voice to journalists worldwide. Reporters and photographers face a myriad of risks from highly publicized murder to imprisonment, sexual violence, cyberattacks, harassment, frivolous lawsuits and censorship. The risks are increasing due to widespread unrest and in response to the broad dissemination of critical information through social media and the Internet. This book gives journalists a seat at the discussions at the United Nations, Organization of American States, European Union, African Union and more to protect journalists and the freedom of press that is so essential to human rights. By publicly revealing abuses against the press and acting on behalf of imprisoned and threatened journalists, CPJ effectively warns journalists and news organizations where free press is in danger. This book is their annual guide to where these attacks are occurring and who is doing the attacking. Assess dangers to freelance journalists in conflict zones. Evaluate new forms of censorship in places like Egypt, Hong Kong and Turkey. Contemplate the long range impacts of the publicized executions of journalists by militant groups. Review available cybersecurity measures and the price journalists pay to keep up with spies. Analyze the 10 most censored countries in the world. Strong press freedom encourages the growth of a robust civil society which leads to stable, sustainable democracies and healthy social, political and economic development. Attacks on the Press is the most comprehensive annual survey of global press freedom and a calling out of those who threaten it.

**Anywhere But Here** Craig Parker, If I had to pinpoint it I'd say all my troubles started with a dildo. Rodney Grizzly is in trouble. All he ever wanted was to be a successful artist. Instead, here he is at twenty six years old, unemployed with a felony drug conviction on his record, locked in a walk in freezer with third degree burns and an irate girlfriend. Outside the door are hired killers waiting to get the order to pull the trigger. And it's all Rodney's fault. His girlfriend, ex-junkie Beth, won't talk to him. So Rodney has nothing better to do than walk down memory lane while he waits to find out if he's going to be killed by the men who tortured and kidnapped him. How did it get to be like this? Rodney recounts his story: how he met the love of his life, how he lost her and how he got her back. Why he and his brother decided to rob one of the biggest suppliers of methamphetamines in Alabama, kicking off the chain of events that led to this mess in the first place. When the freezer door opens, Rodney and Beth are in for the fight of their lives and nothing will ever be the same afterwards. Anywhere But Here is a story about a man who never had anything, finding the will to rise up from despair only to find himself involved in infidelity, murder plots, robbery attempts and an epic white trash feud between good and evil while desperately trying to hold on to the love of his life.
