*Anatomy of Game Design* Tom Smith,2024-10-31 People have played games forever but it s only in the past few decades that people really started thinking about what games are how they work and how to make them better *Anatomy of Game Design* takes some of the most popular and beloved games of all time and dissects them to see what makes them tick By breaking down the systems and content of each game the underlying systems of game design are laid bare Eight games are analyzed including *Settlers of Catan* *Centipede* *Candy Crush* *Saga* *Papers Please* *Magic The Gathering* and more each representing a different genre or era of game design Each game is discussed in detail using the same methods for each game What are the verbs of the game that give the player agency How do those verbs fit together to form a core loop that makes the game engaging What are the systems that power the gameplay What is the larger flow that makes the game interesting over and over again Each game is then used as an example to tie back to one or more larger topics in game design such as systems design randomness monetization game theory and iterative approaches to game development Key Features Uses well known games to provide specific discrete examples of broader game design theory Discusses eight popular games using the same methodology to allow comparison of different types of games Includes both high level theory and academic perspective and practical real world guidance from a working game designer who has created these games for commercial release Provides clear direction for deeper inquiry into game design or related fields such as psychology anthropology game development or systems thinking

*Swarms, Viral Writing, and the Local* Carl Whithaus,2025-04-15 *Swarms Viral Writing and the Local* examines the social and rhetorical dynamics around emerging writing technologies Carl Whithaus argues that these dynamics work across networked publics as patterns of behavior and ways of interacting through and with multimodal texts This rhetorical analysis of the production and reception of born digital rhetoric shows the ongoing and evolving impacts of online public discourse that can lead to bad restaurant reviews or the subversion of democracy It is a networked process that gains significance because of the interplay and tensions between the global and the local As these texts are created distributed received and then recreated and shared again in viral ways different messages resonate across media ecologies Whithaus documents how emerging social dynamics shape and are shaped by digital writing reading and distribution technologies
