Intermittent Fasting Jason Stephens,2019-07-19 Buy the Paperback version of this Book and get the Kindle Book version for Free Would you like to burn fat still enjoying your favorite foods If the answer is yes

then keep reading Intermittent fasting has been spoken of for decades but you've probably heard a lot more about it in the last couple of years. Celebrities like Chris Hemsworth and Beyoncé have come out about this method of weight loss. It's a health practice that you probably overheard while in yoga class or while scrolling through the internet looking for the next best diet. Intermittent fasting is better than any diet though. It's a natural health practice designed by your body to extend your life and burn fat rather than calories. You don't need to eat certain foods to have this process begin. You just need to not eat certain foods. Yet the results of fasting haven't always been clear. At that is why you're holding this book. To give you the answers you deserve. All the answers. Within is a comprehensive explanation of not just fasting but everything related to it. In this book we will go over the deep history of fasting and how the wisest teachers in the world have used it. People like Pythagoras and Leonardo da Vinci. The overwhelming benefits of fasting including autophagy and stem cell regeneration. How to get a better body even while not losing weight. How to rejuvenate your body by eating and how to prevent diseases. Intermittent fasting isn't just a weight loss tool. It is a way of life. However, any time a person starts this practice, you can just tell. They're happier, lighter, and more alive. It's no reason the God of Thunder uses this fast, and it's no surprise that you can make use of it just as easily. So go ahead, skip your next meal, and get one step closer to your goal. Eat Stop Eat. Intermittent Fasting Diet to Have More Energy and Lose Weight (with the Best Recipes) Mary Nabors, 2021-09-15. If you truly want to lose weight in a sustainable way, feel great about yourself, and improve your overall health, then you really need to read this book. Most people are trying to find the right solution to lose weight, have tried all sorts of diets, but didn't get too far with those diets. Why? Because it's extremely hard to stick to them, and immediately after it, people will start gaining weight just like they were never on a diet. You don't want this unpleasant surprise to happen to you, so the real question you need to ask yourself is: Do you want to lose weight and remain fit while you are having your favorite food? If the answer is yes, then you need a lot more than a diet; you need a completely new lifestyle. You really don't have to look further than this book to find the perfect inspiration for your new lifestyle. The Eat Stop Eat Program. Intermittent Fasting tends to be the most sustainable way to burn fat. That's right, you will burn fat and lose weight, but you will not lose muscle mass if you follow the simple principles of this Intermittent Fasting program. This book will provide you with valuable tips and tricks about what you need to eat in order to make your body burn fat, how you need to structure your day to maximize the results of this procedure, how you need to exercise to burn fat and not lose muscle mass.
