The Social Media MBA in Practice Christer Holloman, 2013-10-09 The inside information that marketers and social media practitioners have been dying to get their hands on It seems like every day another self appointed social media guru appears on the scene offering to sell you his or her surefire cure for what ails you Don t you think it s time you heard from the real experts i e folks like you who are responsible for delivering their companies social media strategies Based on extensive interviews with marketing media and networking professionals at many of today s most admired brands and companies The Social Media MBA in Practice provides you with detailed examples of the social media strategies in place at ADP Allianz Barclaycard Cisco Confused com Dell Electrolux F5 Getty Images giffgaff Go Ahead Group HCL Hobart Honda Israel Foreign Office LivingSocial Macmillan Nationwide NHL Minnesota Wild Nokia Play com PwC Rentokil Sony Mobile and Xerox This book offers The most comprehensive set of blueprints available in one book for delivering social media strategies more successfully Includes in depth case studies packed with hand on advice that you can put to work in your company immediately Covers all important strategic social media activities from improving relationships with customers to generating more sales product testing to team building *New Statesman* ,2006 *Influence* Sara McCorquodale, 2021-03-23 A detailed review of what businesses need to know about influencer strategies social media and how digital communication works Digital influencing is one of the most exciting and disruptive new industries forecast to be worth billions by 2020 but those charged with making this an effective part of their digital strategy rarely understand how this emergent industry works When it comes to online growth digital influencers are now consistently outperforming traditional media and brand advertising even if much of what they do remains a mystery to many people Sara McCorquodale is the UK s leading authority on the influencer space and this new book demystifies exactly how digital influence works interrogates the phenomenon analyzes its problems and forecasts its future A compelling and deeply insightful book this will be a must read for anyone whose business success is dependent on prospering online In *Influence* readers will gain a foundation of knowledge into how and why digital communication has become so dominated by influencers as well as gaining invaluable never before heard insights from the influencers themselves They will understand how digital trends emerge the building blocks that make bloggers vloggers and instagrammers so compelling and why the context in which influencer marketing emerged is so closely linked to its ongoing success Thanks to Sara s independent analysis of influencer media and marketing readers will finish the book with a clear understanding as to the problems now faced by businesses and brands around the world and how such issues can be identified tackled and overcome *The Netweaver's Sourcebook* Dean Gengle, 1984 [Waves of Change](#) Patrick Callioni, 2010 Written in the middle of a global economic crisis this book is about a better future Patrick Callioni identifies and describes the major waves of change that are coming our way over the next decade or so and then provides practical advice on what to do or avoid doing to benefit most or suffer least from what is to come He describes some of the

problems with the present regime of regulation We are regulating to catch the motes of dust floating in the air rather than the beams that end up poking out the eyes of our financial markets and suggests regulation should focus on rewarding the good rather than punishing the bad He also analyzes some of the behavior that helped to create the Credit Crunch They took healthy debt mortgage debt that was likely to be repaid mixed it up with toxic debt mortgage debt not likely to be repaid and then sold the debt on as prime safe debt creating untold damage Then he presents the waves of change that are coming the challenges of new technologies the business opportunities opened by reactions to climate change and demographic changes as workers and managers are no longer predominantly baby boomers He also warns of future signs of impending financial setbacks that should be avoided A financial crisis will occur only when the fuel is there in the form of an investment bubble In his previous book *Compliance and Regulation in the Financial Services Industry* Patrick Callioni successfully predicted most of the course of the current economic downturn Over regulation is as dangerous as under regulation so he proposes the creation of a federated network of trust Throughout this exciting book he emphasizes the increasing importance of knowledge capital value that is not captured by existing accounting standards and in particular soft intangibles knowledge assets time assets motivational assets etc and he proposes guidance on their measurement and profitable management
