Nursing Rituals, Research and Rational Actions Mike Walsh, Pauline Ford, 1989      *Foundations of Nursing Practice* Chris Brooker, Anne Waugh, 2013-01-08 This second edition of *Foundations of Nursing Practice* has been revised and updated specifically to meet the needs of nursing students in all fields of practice. The book explains how and why sensitive safe evidence based holistic nursing care is carried out including topics common to all fields of practice. Core nursing skills are emphasised to reflect the importance of clinical skills as well as the underpinning theory. Aids to learning in each chapter. Learning outcomes. Interactive boxes for all age groups and fields of nursing practice. Key words and phrases for literature searching. Useful websites, references and further reading. This book provides a comprehensive introduction to nursing that will meet the needs of students, nurses returning to practice, mentors and other registered nurses. Relevant to all branches of nursing settings: infants, children, adults, pregnant women, older people and people with a learning disability or mental health problems. Themes relevant to all stages and fields of nursing practice include safety, infection prevention and control, managing stress, communication, managing wounds and pressure ulcers and dealing with loss. Scenarios develop the skills of evidence based practice, critical thinking, reflection and health promotion and encourage further learning. The areas of psychology, sociology, physiology and pathology are clearly related to nursing practice. Key principles of health promotion, the law and ethics, the human lifespan and development are explained in earlier chapters then applied in later chapters. Cultural diversity information helps with understanding the needs of people from different backgrounds. Person centred approach encourages problem solving and application to practice. Evidence based practice is explicit throughout and best practice guidelines underpin exploration and explanation of nursing care. Easy reference. Glossary at the back of the book. Meets the requirements of the new pre registration nursing curriculum including the NMC 2010 competencies and Essential Skills Clusters. Greater emphasis on safeguarding vulnerable people, maternal health and first aid. Self test questions with answers available on accompanying website.      The Royal Marsden Manual of Cancer Nursing Procedures Sara Lister, Lisa Dougherty, Louise McNamara, 2018-11-20 The Royal Marsden is the world's first hospital dedicated to cancer diagnosis, treatment, research and education, a centre of excellence with an international reputation for ground breaking research and pioneering the very latest in cancer treatments and technologies as well as specialising in cancer diagnosis and education.
