"Directly relates to what final year nursing students are experiencing and how they are feeling at the point of transition. It's a shame it wasn't published before I qualified!"

Sarah Bowyer, Newly qualified nurse, Birmingham City University

## **Nursing Transition To Professional Practice Prepare For Practice:**

Nursing: Transition to Professional Practice Rob Burton, Graham Ormrod, 2011-02-24 To successfully complete the transition from being a final year pre reg nursing student to becoming a qualified staff nurse students need to understand and practise the responsibilities and roles of the registered nurse. Consequently they need a textbook which goes further than simply outlining the theory of leadership and management and teamwork and gives more than just tips for being in charge. Nursing transition to professional practice has been developed as a one stop shop for the principles of professional practice and the skills of the qualified nurse. Taking a logical approach the authors introduce the role of the qualified nurse before explaining what it means to be in charge how to deliver good care how to make legal and ethical decisions and the best ways to work with and teach other staff. Theory is applied to clinical work so readers can easily see the rationale behind daily decisions. Useful for the entire final year the content is mapped against the transitional module and extremely useful for final year placements as well as providing tips on getting a job and continuing professional development. Written in an easy to read student friendly manner the authors have brought together trustworthy and reliable advice in a way that is easy to dip into any time you need it from writing an assignment devising a nursing plan documenting your placement learning outcomes or finding advice on job applications. This book has been truly designed to help student nurses become registered staff and to prepare for practice. Online material Interactive cases on common scenarios and problems that the Newly Qualified Nurse needs to manage. Job hunting section with practical exercises and sections on writing CV's interview practice questions etc to print off.

Transition to Nursing: Preparation for Practice Bill Whitehead, Michelle Brown, 2017-12-16

How do you think like a staff nurse? What behaviour and level of work is needed to be awarded your degree? How will you adapt to working as a professional and working in a team? This book is for you if you're in the final stage of a pre-registration nursing course or if you are making the transition to becoming a registered nurse. It provides you with a toolkit of advice to help you deal with challenges you'll face and prepare you with an understanding of what the university and NMC will be looking for. Clear advice is given on the academic skills you will need, how to face the rigours of the final year and what you need to demonstrate in your behaviour and placements. Professional issues covered include using evidence in practice, managing a caseload and how far to fit into or question workplace culture. The features of this book include Guidance enriched by the latest research and expert knowledge of this transition period. Reflective learning boxes to help you identify how you can prepare. Case studies raising issues from student and registered nurses' experience going through this transition. Short chapters enable quick learning to support you now. Knowledge that will build your confidence and enhance your ability to fit into your first job. This book is recommended reading for all final year nursing students and nurses new to the profession. Packed with practical detail and the supporting evidence it's obvious the authors are anchored in the reality of today's complex healthcare environments. The journey from student to registered nurse is more like a vertical ladder than a learning curve. This book helps you climb up every rung of the way. This book doesn't just describe the process of transition; it gives advice for both academic and practice based achievement, preparing you to think and practise as a staff nurse. It's a resource you can either dip into as needed or read from cover to cover. In addition there's an evidence based preceptorship toolkit for transition which is a useful tool for employers to devise an effective system of support. The experienced nurse would also benefit from this as a reference tool to support their students and preceptors and a reminder of the demands placed on them.
