Textual and Contextual Voices of

Translation Cecilia Alvstad, Annjo K. Greenall, Hanne Jansen, Kristiina Taivalkoski-Shilov, 2017-10-15. The notion of voice has been used in a number of ways within Translation Studies. Against the backdrop of these different uses this book looks at the voices of translators, authors, publishers, editors and readers both in the translations themselves and in the texts that surround these translations. The various authors go on a hunt for translational agents' voice imprints in a variety of textual and contextual material such as literary and non literary translations, book reviews, newspaper articles, academic texts and e-mails. While all stick to the principle of studying text and context together, the different contributions also demonstrate how specific textual and contextual circumstances require adapted methodological solutions, ending up in a collection that takes steps in a joint direction but that is at the same time complex and pluralistic. The book is intended for scholars and students of Translation Studies, Comparative Literature and other disciplines within Language and Literature.

Decoded Tracey L. Walters, 2021-12-22. *Decoded* New Essays on Zadie Smith examines the middle period of Zadie Smith's illustrious career as a dynamic experimental novelist of contemporary Black British writing. The five new essays in *Decoded*, written by innovative scholars in the fields of British literature and African Diasporic studies, bring together the most original and current analysis of Smith's novels and literary criticism since the release of *Smith's NW* 2012. *Decoded* includes discussions of *NW*, *Swing Time*, *The Embassy of Cambodia*, *Grand Union*, *Changing My Mind*, *Feel Free* and *Intimations*. The essays delve into Smith's philosophy about the role and responsibility of the artist, her ardent defense of the function of the novel in the digital age and the connection between writers and readers. Also illuminated is Smith's growth as a writer, her reconceptualization of racial identity and shifting literary techniques from hysterical realism to social realism. Finally, the book discusses Smith's role as a public intellectual and her evolution from an optimistic champion of multiculturalism to a subdued, austere realist who has broadened her social critique from the local to the global arena.
