This report investigated the New York Police Department's NYPD's use of force by reviewing a large sample of force investigations. It examines five aspects of use of force within NYPD trends reporting de escalation training and discipline. The report begins by highlighting data and trends from excessive or unnecessary force cases substantiated by the Civilian Complaint Review Board CCRB. It then presents the findings of an independent analysis of force cases. Finally it analyzes and evaluates NYPD's disciplinary system including a close review of cases where it was determined that the use of force was not reasonable or justified.
