Husband, Jonathan F. Husband, 2009 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *Contemporary Feminist Historical Crime Fiction* R. Johnsen, 2006-08-19 By examining the feminist interventions of contemporary women writers working in this subgenre Johnsen advances the existing critical discussion of women's crime fiction The writers studied here bring research expertise to bear on their chosen historical settings creating a powerful but widely accessible statement about women in history **Secret Scrolls** Robert M. Price, 2010-12-27 Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some

new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one s religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one s faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board *Secret Scrolls* assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown s notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will *Secret Scrolls* **The New Yorker** ,2005 *The Bones of Paris* Laurie R. King,2014-09-30 Paris 1929 For Harris Stuyvesant his current assignment is a private investigator s dream he s getting paid to trawl the caf s and bars of Montparnasse looking for a pretty young woman The missing person in question is Philippa Crosby a twenty two year old from Boston whose family have become alarmed at her lack of communication As Stuyvesant follows Philippa s trail through Paris he finds that she is known to many of its famous and infamous inhabitants from Shakespeare and Company s Sylvia Beach to the surrealist photographer Man Ray But when the evidence leads Stuyvesant to the Th tre du Grand Guignol in Montmartre his investigation takes a sharp and disturbing turn **Gumshoes** Mitzi M.
