The 21st Century in 100 Games Aditya Deshbandhu, 2024-06-20 The 21st Century in 100 Games is an interactive public history of the contemporary world. It creates a ludological retelling of the 21st century through 100 games that were announced, launched, and played from the turn of the century. The book analyzes them and then uses the games as a means of entry to examine both key events in the 21st century and the evolution of the gaming industry. Adopting a tri-pronged perspective, the reviewer, the academic, and an industry observer, it studies games as ludo-narratological artefacts and resituates games in a societal context by examining how they affect and are engaged with by players, reviewers, the gaming community, and the larger gaming industry. This book will be a must-read for readers interested in video games, new media, digital culture, culture studies, and history.

International Business in the New Asia-Pacific Terry Wu, Nailin Bu, 2022-01-01 The Asia Pacific region, sustaining more than four decades of rapid growth, has emerged as an economic force comparable in significance to Europe and North America. This book examines the economic, geopolitical, technological, demographic, and cultural forces that shape international business strategies in the Asia Pacific region. Specifically, it examines the seismic shifts in the global business environment since the new century and addresses emerging opportunities and threats in the Asia Pacific region. This book offers new insights for international business in areas such as trade policy, supply chains, international investment, technological innovation, international marketing, digital economy, and human resources. The enclosed comprehensive and diverse analyses of the international business landscape in the New Asia are invaluable to scholars, managers, politicians, and policy makers alike. This book is engaging and informative. It presents a collection of diverse and cutting-edge topics that offer new insights into international business activities in the Asia Pacific region, raising questions for debate and opening pathways for future research. A must-read book for international business scholars. Hussain G Rammal, University of Technology, Sydney, Australia. This book offers a comprehensive introduction to the general business environment in Asia. It highlights the complexities and dynamics of doing business in Asia and provides insightful understandings of emerging issues in the region. The chapter-by-chapter analyses of the region depict the rich thematic contexts in which key issues and challenges facing corporate executives, as well as scholars in international business, I believe that this book is valuable for students of international business, global business environment, and regional studies.
