Music Streaming Around the World David Hesmondhalgh, 2025 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more Music streaming platforms such as Spotify Apple Music YouTube and those offered by Chinese web giant Tencent are now central to everyday musical activity across much of the world with enormous ramifications for musical culture in modern societies Bringing together case studies from twelve countries *Music Streaming around the World* provides the first international account of how streaming is shaping music culture today by considering the implications of streaming platforms for the production distribution and consumption of recorded music around the globe **Rethinking the Music Business** Guy Morrow, Daniel Nordgård, Peter Tschmuck, 2022-09-07 COVID 19 had a global impact on health communities and the economy As a result of COVID 19 music festivals gigs and events were canceled or postponed across the world This directly affected the incomes and practices of many artists and the revenue for many entities in the music business Despite this crisis however there are pre existing trends in the music business the rise of the streaming economy technological change virtual and augmented reality blockchain etc and new copyright legislation Some of these trends were impacted by the COVID 19 crisis while others were not This book addresses these challenges and trends by following a two pronged approach the first part focuses on the impact of COVID 19 on the music business and the second features general perspectives Throughout both parts case studies bring various themes to life The contributors address issues within the music business before and during COVID 19 Using various critical approaches for studying the music business this research based book addresses key questions concerning music contexts rights data and COVID 19 **Rethinking the music business** is a valuable study aid for undergraduate and postgraduate students in subjects including the music business cultural economics cultural management creative and cultural industries studies business and management studies and media and communications **Billboard**, 2009-10-03 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard**, 2009-10-17 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Soundtracked Books from the Acoustic Era to the Digital Age* Justin St. Clair, 2022-06-15 Offering both a short history and a theoretical framework this book is the first extended study of the soundtracked book as a media form A soundtracked book is a print or digital publication for which a recorded musical complement has been produced Early examples were primarily developed for the children's market but by the middle of the twentieth century ethnographers had begun producing book and record combinations that used print to

contextualize musical artifacts The last half century has witnessed the rapid expansion of the adult market including soundtracked novels from celebrated writers such as Ursula K Le Guin Kathy Acker and Mark Z Danielewski While often dismissed as gimmicks this volume argues that soundtracked books represent an interesting case study in media consumption Unlike synchronous multimedia forms the vast majority of soundtracked books require that audience activity be split between reading and listening thus defining the user experience and often shaping the content of singing books as well Mapping the form s material evolution this book charts a previously unconsidered pathway through more than a century of recording formats and packaging strategies emphasizing the synergies and symbioses that characterize the marriage of sound and print As such it will be of value to scholars and postgraduate students working in media studies literary studies and sound studies

Streaming, Sharing, Stealing Michael D. Smith, Rahul Telang, 2016-08-08 How big data is transforming the creative industries and how those industries can use lessons from Netflix Amazon and Apple to fight back The authors explain gently yet firmly exactly how the internet threatens established ways and what can and cannot be done about it Their book should be required for anyone who wishes to believe that nothing much has changed The Wall Street Journal Packed with examples from the nimble footed who reacted quickly to adapt their businesses to laggards who lost empires Financial Times Traditional network television programming has always followed the same script executives approve a pilot order a trial number of episodes and broadcast them expecting viewers to watch a given show on their television sets at the same time every week But then came Netflix s House of Cards Netflix gauged the show s potential from data it had gathered about subscribers preferences ordered two seasons without seeing a pilot and uploaded the first thirteen episodes all at once for viewers to watch whenever they wanted on the devices of their choice In this book Michael Smith and Rahul Telang experts on entertainment analytics show how the success of House of Cards upended the film and TV industries and how companies like Amazon and Apple are changing the rules in other entertainment industries notably publishing and music We re living through a period of unprecedented technological disruption in the entertainment industries Just about everything is affected pricing production distribution piracy Smith and Telang discuss niche products and the long tail product differentiation price discrimination and incentives for users not to steal content To survive and succeed businesses have to adapt rapidly and creatively Smith and Telang explain how How can companies discover who their customers are what they want and how much they are willing to pay for it Data The entertainment industries must learn to play a little moneyball The bottom line follow the data
