Proceedings of the 2022 International Conference on Business and Policy Studies Xiaolong Li, Chunhui Yuan, Ivo Slav Ganchev, 2022-09-26 This proceedings volume contains papers accepted by the 2022 International Conference on Business and Policy Studies CONF BPS 2022 which are carefully selected and reviewed by professional reviewers from corresponding research fields and the editorial team of the conference This volume presents latest research achievements inspirations and applications in applied economy finance enterprise management public administration and policy studies CONF BPS hopes this volume could be inspiring and of academic value Business and policy studies both are heated research topics and are related to multiple fields Held by Eliwise Academy CONF BPS aims at bringing together intellectuals from related fields including applied economy finance and public administration for academic exchange Its goal is to serve as an international platform for researchers to present latest research progress share ideas and inspirations and exchange experience Through more academic communication and exchange this conference hopes to promote international corporation and joint initiatives in relevant fields This volume will be of interest to researchers academics professionals and policy makers in the field of business economics management and policy studies

Disruptive Technologies Paul Armstrong, 2023-01-03 The next two decades will see more waves of technological disruption than the previous fifty Adaptability and understanding of technological changes are now mission critical to every business Disruptive Technologies offers a three step framework that enables readers to choose how

their business responds to technological upheaval rather than being led by changes forced upon them Showing how to understand a new technology evaluate the challenge it poses and finally respond to it readers will come away secure in the knowledge that they have a workable system with which they can navigate ongoing technological disruption This second edition features new chapters on the Metaverse and Web 3.0 as well as case studies and discussions of emerging technologies such as NFTs artificial intelligence virtual and augmented reality graphene and 3D 4D printing If companies do not grasp how developing technologies will impact their operations supply chains people and products they have little hope of weathering the ongoing storm of digital disruption Disruptive Technologies is your essential guide to creating a stable response to constant technological upheaval

Dangerous Fictions Lyta Gold, 2024-10-29 In a political moment when social panics over literature are at their peak *Dangerous Fictions* is a mind expanding treatise on the nature of fictional stories as cultural battlegrounds for power Fictional stories have long held an uncanny power over hearts and minds especially those of young people In *Dangerous Fictions* Lyta Gold traces arguments both historical and contemporary that have labeled fiction as dark immoral frightening or poisonous Within each she asks How dangerous is fiction really And what about it provokes waves of moral panic and even censorship Gold argues that any panic about art is largely a disguised panic about power There have been versions of these same fights over fiction for centuries By exposing fiction as a social danger and a battleground of immediate public concern we can see what each side really wants the right to shape the future of a world deeply in flux and a distraction from more pressing material concerns about money access and the hard work of politics From novels about people driven insane by reading novels to copaganda TV shows that influence how viewers regard the police Gold uses her signature wit research and fearless commentary to point readers toward a more substantial question Fiction may be dangerous to us but aren't we also dangerous to it

Imagining Transmedia Ed Finn, Bob Beard, Joey Eschrich, Ruth Wylie, 2024-04-23 How the blurring of media forms transmedia became the default for how we experience narratives and how that cultural transformation has redefined the worlds of education entertainment and our increasingly polarized public discourse Over the past decade the power of narrative has been unleashed with awesome and terrifying consequences and it has been consumed in its blurred media forms by millions of people as news entertainment and education *Imagining Transmedia* edited by Ed Finn Bob Beard Joey Eschrich and Ruth Wylie explores the surprising ways that narratives working across media forms became the default grammar for both media consumption and personal expression and how multiplatform storytelling creates new media literacies and modes of civil discourse Understanding this shift reveals transmedia as an essential building block of media literacy today Transmedia is how we create interpret and participate in our increasingly mediated society It extends beyond popular culture into professional and public spheres while at the same time it fuels the misinformation and polarization that have contributed to America's fraying civic discourse Reaching beyond traditional academic analyses this probing collection of essays and conversations features transmedia practitioners sharing

their experiences and inviting readers to imagine the types of multimodal stories and experiences they might create

Prioritizing conversation over a single unified theory each section of this volume pairs thematically linked essays from international contributors with a dialogue between authors to create an accessible practical synthesis of ideas **Derivative Media** Andrew deWaard,2024-09-03 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more

Sequels reboots franchises and songs that remake old songs does it feel like everything new in popular culture is just derivative of something old

Contrary to popular belief the reason is not audiences or marketing but Wall Street

In this book Andrew deWaard shows how the financial sector is dismantling the creative capacity of cultural industries by upwardly redistributing wealth consolidating corporate media harming creative labor and restricting our collective media culture

Moreover financialization is transforming the very character of our mediascapes for branded transactions

Our media are increasingly shaped by the profit extraction techniques of hedge funds asset managers venture capitalists private equity firms and derivatives traders

Illustrated with examples drawn from popular culture

Derivative Media offers readers the critical financial literacy necessary to understand the destructive financialization of film television and popular music and provides a plan to reverse this dire threat to culture
