## Act Practice Lyft Top:

**A New American Labor Movement** William E. Scheuerman, 2021-10-01 The American labor movement isn't dead. It's just moving from the bargaining table to the streets. In *A New American Labor Movement*, William Scheuerman analyzes how the decline of unions and the emergence of these new direct action movements are reshaping the American labor movement. Tens of thousands of exploited workers from farm laborers and gig drivers to freelance artists and restaurant workers have taken to the streets in a collective attempt to attain a living wage and decent working conditions with or without the help of unions. This new worker militancy expressed through mass demonstrations, strikes, sit-ins, political action, and similar activities has already achieved much success and offers models for workers to exercise their power in the twenty-first century. Finally, Scheuerman notes many of the strategies of the new direct action groups share features with the sectoral bargaining model that dominates the European labor movement, suggesting that sectoral bargaining may become the foundation of a new American labor movement.

**Do Androids Dream of Electric Cars?** James Wilt, 2020-04-22 Public transportation is in crisis. Through an assessment of the history of automobility in North America, the three revolutions in automotive transportation, as well as the current work of committed people advocating for a different way forward, James Wilt imagines what public transit should look like in order to be green and equitable. Wilt considers environment and climate change, economic and racial inequality, urban density, accessibility, and safety, work and labour unions, privacy, and control of personal data, as well as the importance of public and democratic decision-making. Based on interviews with more than forty experts, including community activists, academics, transit planners, authors, and journalists, *Do Androids Dream of Electric Cars* explores our ability to exert power over how cities are built and for whom.
