Betting Odds Usa Setup:

Sports Betting Nicolae Sfetcu, 2014-05-04 Sports betting is the general activity of predicting sports results by making a wager on the outcome of a sporting event. Aside from simple wagers betting a friend that one's favorite baseball team will win its division for instance or buying a football square for the Super Bowl sports betting is commonly done through a bookmaker. Bookmakers generally offer two types of wagers on the winner of a sporting event: a straight up or money line bet or a point spread wager. Moneylines and straight up prices are used to set odds on sports such as soccer, baseball, and hockey, the scoring nature of which renders point spreads impractical as well as individual vs individual matches like boxing.
