*Nursing Home Administrator Facility Orientation Guide* Peg Tobin, 2015-05-18 The Nursing Home Administrator Facility Orientation Guide was written by Richard and Peg Tobin as a guide to help new administrators key in on specific areas to learn about in each department of a post acute facility. It is also designed to help seasoned administrators become familiar with a new facility in an organized process. Richard and Peg Tobin have worked in the capacity of Regional Managers and Corporate Leaders. Richard has been an administrator and Peg has been a director of nursing, therefore they are very familiar with the operations of a post acute facility and developed this guide from years of experience in the field. According to Richard and Peg, in order for a leader to be successful, they need to take the time to meet all of their associates and learn what is happening in each department from the associates. Once a leader has demonstrated they care about those that work with them, the associates will care to adopt the leader's vision. This guide is general yet specific at the same time. In healthcare, things are constantly changing and being approved upon, therefore there will be reports that are referred to that will become extinct and new ones added. When change happens, update and move on. The guide will remain pertinent and a very useful tool.
