Over-Tested and Under-Prepared Bob Sornson,2022-11-23 Pressured by standardized testing and rigid pacing guidelines many schools are forced to cover too much content too quickly without being able to meet the needs of individual students In this powerful book from acclaimed author and presenter Bob Sornson you'll learn how shifting from curriculum based instruction to competency based personalized learning can help students become more successful confident and engaged learners Each chapter is easy to digest and provides compelling research strategies and anecdotes to inspire conversation and action This second edition provides updated statistics and examples of schools successfully using competency based learning models to help you bring about meaningful change Teachers administrators and community leaders will all find practical resources and a clear rationale for transforming our current educational system into a new dynamic model of teaching and learning

Debates in Primary Education Virginia Bower,2020-10-19 This powerful text encourages both pre-service and established teachers as well as teacher educators to engage with contemporary debates in primary education Promoting a critical approach the chapters explore a wide range of key themes including the importance of values in primary education and the imperative for a curriculum which embraces the whole

range of available subjects At the same time the chapters are underpinned by a belief that children should be at the heart of all the decisions we make and that primary education should inspire a love of learning for life The book aims to support practitioners to make informed judgements and feel confident to argue their point of view with deeper theoretical knowledge and understanding thus increasing teacher agency and confidence in responding to complex educational and social dilemmas such as literacy levels and rising mental health concerns Chapters encompass both the macro aspects of primary education and more specialised debates on key topics such as reading mathematics languages early years education and the use of technology With annotated further reading and reflective questions this key text is essential reading for all those wanting to develop a better understanding of the issues that shape their practice including student teachers at both undergraduate and postgraduate level practising teachers engaged in continuing professional development and teacher educators

Reimagining American Education to Serve All Our Children Deborah Greenblatt,Nicholas M. Michelli,2019-11-28

Reimagining American Education to Serve All Our Children Why Should We Educate in a Democracy examines and reevaluates the history and purpose of public education in the United States in order to provide students of current and future generations with a robust and fulfilling learning experience The authors approach knowledge from a critical perspective with the intention of broadening the definition of knowledge and critical thinking positioning education as a gateway to life's endless possibilities and participation in a democratic society In asking why should we educate in a democracy rather than why do we educate in a democracy the authors suggest directions that need to be taken to enhance democracy social justice and the positive effects of education for all Divided into ten concise chapters this volume provides activities and strategies for developing meaning for often contentious concepts illustrates concepts and brings together new ideas as well as assessment ideas Greenblatt and Michelli and their coauthors cover a diverse range of important topics allowing us to understand education in a democracy including Sociopolitical barriers to knowledge The importance of all subjects including the arts health and physical education Methods of fostering imaginative thinking The political nature of the effects of policies on education Reimagining American Education to Serve All Our Children aims to provide practicing teachers teacher educators graduate education students and all those interested in enhancing education a discussion on the relationship between education and policy A topical conversation this book aids readers to develop a better understanding of the effects of social justice on American learners and the effects of education on social justice and democracy in order to take a position on these critical issues [The Education Invasion](#) Joy Pullmann,2017-03-14 Most Americans had no idea what Common Core was in 2013 according to polls But it had been creeping into schools nationwide over the previous three years and children were feeling its effects They cried over math homework so mystifying their parents could not help them even in elementary school They read motley assortments of informational text instead of classic literature They dreaded the high stakes tests in unfamiliar formats that were increasingly controlling their classrooms How did this latest and most sweeping

reform of American education come in mostly under the radar Joy Pullmann started tugging on a thread of reports from worried parents and frustrated teachers and it led to a big tangle of history and politics intrigue and arrogance She unwound it to discover how a cabal of private foundation honchos and unelected public officials cooked up a set of rules for what American children must learn in core K 12 classes and how the Obama administration pressured states to adopt them Thus a federalized education scheme took root despite legal prohibitions against federal involvement in curriculum Common Core and its testing regime were touted as an absolute game changer in public education yet the evidence so far suggests that kids are actually learning less under it Why then was such a costly and disruptive agenda imposed on the nation s schools Who benefits And how can citizens regain local self governance in education so their children s minds will be fed a more nourishing intellectual diet and be protected from the experiments of emboldened bureaucrats The Education Invasion offers answers and remedies **Complete Learning Disabilities Directory 2010** Laura Mars-Proietti,Richard Gottlieb,2009
