**Occupation, Resistance and Law** Adam Roberts, 1980      **Documenting WWII: Occupation and Resistance** Simon Adams, 2013-06-27      *Understanding Resistance to Foreign Occupation* Simon Collard-Wexler, 2013 There have been some 163 foreign occupations since 1900 In many cases military occupations have led to bloody and protracted resistance while in most cases occupiers faced little resistance at all This dissertation seeks to answer the puzzle under what conditions do foreign occupations produce consequential resistance Conventional wisdom holds that resistance is driven by nationalism However states exhibit different levels of resistance to different occupiers indicating that not only the nature of the occupied but also the nature and the policies of occupiers play a role Specifically I look at the role of political dislocation and trust First domestic groups that would have otherwise waited out the occupation may be driven to resistance when occupiers implement policies or establish institutions that permanently weaken their relative domestic position what I call political dislocation Second resistance will be muted when occupiers can credibly commit to treating the population benignly and vacating occupied territory promptly      **Of Occupation and Resistance** Fahad Shah, 2013 Contributed articles

Cowper-Coles,2022-08-05 This book finds and explores a gender gap in political support in the Occupied Palestinian Territories whereby more women than men support Hamas and more men than women support Fatah The author then shows how economic interests and religion largely explain this gender gap and explores how the Israeli occupation the Israel Palestine conflict women s rights nationalism and political repression impact Palestinian political support She demonstrates how religion interacts with nationalist discourses which in turn reinforce differential gender roles in Palestine She also shows how patronage impacts political support in a gendered way with Fatah s ability to provide employment opportunities being strongly linked to their support base amongst men The book concludes with an analysis of similar trends in the wider Middle East with women across the region tending to prefer religious parties compared with men While making an important contribution to studies of Palestinian politics this book also has implications for much broader issues such as explorations of gender and political support beyond the Western context and understanding widespread female support for Islamist parties in the Middle East It highlights the importance of situating explorations of political support within their wider context so as to understand how particularities of ideologies economies and social structures might interact in a specific political system This book will be of great interest to students and scholars of gender studies Middle East studies and comparative politics It will also appeal to those with a broader interest in Middle East politics and development      *Occupation and Resistance* Scott Adams,2008-07-15 Describes occupation of major parts of Europe North Africa and eastern Asia by Germany Italy and Japan and those occupied countries attempts to resist foreign rule      The Hidden and Forbidden History of Latvia Under Soviet and Nazi Occupations 1940-1991 Valters Nollendorfs,Erwin Oberländer,Latvijas universitāte.
