CURRENT VASCULAR SURGERY Mark K. Eskandari, 2015-12-31 Current Vascular Surgery addresses contemporary topics and controversies in vascular and endovascular surgery providing a comprehensive overview of the field's recent evolution. The volume is the result of the 40th Annual Vascular Symposium sponsored by the Division of Vascular Surgery, Feinberg School of Medicine, Northwestern University. The symposium was held in Chicago on December 10-14, 2015. The symposium was held at the InterContinental Hotel on Chicago's Magnificent Mile. The symposium brought together over 50 national experts to address timely topics and controversies in vascular and endovascular surgery. As has been the tradition, presentations cover the full spectrum of vascular surgery including changes in management of extracranial cerebrovascular disease, new treatment options for lower extremity arterial occlusive disease, hemodialysis improvements in techniques for complex venous disease, and developments in aortic stent graft repair in the chest and abdomen. Each chapter in this volume is based on a presentation, but the book chapters provide deeper, more detailed information than is possible in a symposium presentation.

Like all women of her period, she was denied access to higher education, but she grew up accustomed to philosophical discourse as the daughter of Ralph Cudworth, the leading Cambridge Platonist. In 1685 she married Sir Francis Masham and went to live with him at Oates, Essex. For many years she was an intimate friend of John Locke; she also corresponded on philosophical topics with Leibniz. Lady Masham's two main philosophical works, *A Discourse Concerning the Love of God* (1696) and *Occasional Thoughts in Reference to a Vertuous or Christian Life* (1705) were published anonymously and caused a considerable stir. Both books have now become extremely rare, and Thoemmes Press here presents them in a single volume, prefixed by James G.
