Your Brand, The Next Media Company Michael Brito, 2013-09-19 Content is still king and if you're a brand marketer you need to start thinking like a media company too Your Brand The Next Media Company brings together the strategic insights operational frameworks and practical approaches for transforming your brand into a highly successful media company There is a content and media surplus in the marketplace and there is an attention deficit in the minds of consumers today Their lives are dynamic and completely unpredictable They are highly influential and aid their peers down the purchase funnel using organic conversations about the products they care about and the ones they don't In order to reach these consumers brands must create recent relevant and game changing content to break through the clutter and successfully change their behavior Social business pioneer Michael Brito covers every step of the process including Understanding the unpredictable nature and dynamic behaviors of the social customer Deploying social business strategies that will help facilitate the change from brand to media company Building a content organization and setting the stage for transformation Creating a real time command center that will help facilitate reactive and proactive content marketing Creating a centralized editorial team that will drive content strategy governance and cross team collaboration Building the content supply chain workflows for content ideation creation approval distribution and integration Enabling customers and employees brand journalists to feed the content engine Developing your content strategy that can be executed across paid earned and owned media content Transitioning from brand messaging to a highly relevant content narrative Evaluating the content marketing vendors and software platforms vying for your business Along the way Brito presents multiple case studies from brand leaders worldwide including RedBull Oreo Tesla Motors Burberry Sharpie and Pepsi delivering specific actionable powerfully relevant insights you can act on to begin the transformation from brand to media company

Elon Musk Walter Isaacson, 2023-09-13 From the author of Steve Jobs and other bestselling biographies this is the astonishingly intimate story of the most fascinating and controversial innovator of our era a rule breaking visionary who helped to lead the world into the era of electric vehicles private space exploration and artificial intelligence Oh and took over Twitter Australian Financial Review Top 20 Read for 2023 When Elon Musk was a kid in South Africa he was regularly beaten by bullies One day a group pushed him down some concrete steps and kicked him until his face was a swollen ball of flesh He was in the hospital for a week But the physical scars were minor compared to the emotional ones inflicted by his father an engineer rogue and charismatic fantasist His father's impact on his psyche would linger He developed into a tough yet vulnerable man child prone to abrupt Jekyll and Hyde mood swings with an exceedingly high tolerance for risk a craving for drama an epic sense of mission and a maniacal intensity that was callous and at times destructive At the beginning of 2022 after a year marked by SpaceX launching thirty one rockets into orbit Tesla selling a million cars and him becoming the richest man on earth Musk spoke ruefully about his compulsion to stir up dramas I need to shift my mindset away from being in crisis mode which it has

been for about fourteen years now or arguably most of my life he said It was a wistful comment not a New Year's resolution Even as he said it he was secretly buying up shares of Twitter the world's ultimate playground Over the years whenever he was in a dark place his mind went back to being bullied on the playground Now he had the chance to own the playground For two years Isaacson shadowed Musk attended his meetings walked his factories with him and spent hours interviewing him his family friends coworkers and adversaries The result is the revealing inside story filled with amazing tales of triumphs and turmoil that addresses the question are the demons that drive Musk also what it takes to drive innovation and progress
