**COVID-19 Return Migration Phenomena** S. Irudaya Rajan, Jean-Louis Arcand, 2024-11-25 This book examines the large scale return migration of South and Southeast Asian workers triggered by the COVID 19 pandemic exploring its causes consequences challenges and policy responses In the wake of the COVID 19 pandemic a global phenomenon emerged the mass repatriation of migrant workers This book offers a meticulous examination of this unprecedented migration reversal in South and Southeast Asia Through the contributions of researchers spanning multiple geographies in prominent corridors of return the book dissects the motivations behind this large scale exodus encompassing lost livelihoods and societal anxieties Further the book delves into the multifaceted challenges return migrants face including the reintegration into their home economies and the arduous struggle for re employment The analysis also extends beyond individual experiences by meticulously exploring the broader socioeconomic repercussions on sending countries along with a critical evaluation of government policies designed to facilitate the reintegration of this displaced population Drawing upon diverse academic perspectives this comprehensive volume serves as a vital resource for scholars and policymakers alike It illuminates the pandemic's profound social and economic consequences fostering a deeper understanding of migration patterns and the future of work in the post COVID era This book was originally published as a special issue of the Journal of Ethnic and Migration Studies

*Biotech Funding Trends* Alexandra Carina Gruber, 2008-12-17 Based on interviews with successful biotech entrepreneurs and high level investors as well as case studies this title provides a comprehensive overview of current trends in biotech funding In particular it illustrates the tensions between both sides based on their different backgrounds and expectations The book outlines the various funding opportunities for the biotech industry and identifies ways for both sides to overcome their existing prejudices in order to successfully thrive in a competitive environment A must have for biotech entrepreneurs and investors as well as invaluable supplementary reading for students aspiring to a career in the industry

*Publishers Directory*, 1994    *Jump-Starting America* Jonathan Gruber, Simon Johnson, 2019-04-09 The untold story of how America once created the most successful economy the world has ever seen and how we can do it again The American economy glitters on the outside but the reality is quite different Job opportunities and economic growth are increasingly concentrated in a few crowded coastal enclaves Corporations and investors are disproportionately developing technologies that benefit the wealthiest Americans in the most prosperous areas and destroying middle class jobs elsewhere To turn this tide we must look to a brilliant and all but forgotten American success story and embark on a plan that will create the industries of the future and the jobs that go with them Beginning in 1940 massive public investment generated breakthroughs in science and technology that first helped win WWII and then created the most successful economy the world has ever seen Private enterprise then built on these breakthroughs to create new industries such as radar jet engines digital computers mobile telecommunications life saving medicines and the internet that became the catalyst for broader economic

growth that generated millions of good jobs We lifted almost all boats not just the yachts Jonathan Gruber and Simon Johnson tell the story of this first American growth engine and provide the blueprint for a second It s a visionary pragmatic sure to be controversial plan that will lead to job growth and a new American economy in places now left behind   **Western Druggist**
