**New Jersey Register ,2013**

**Healthcare provider's manual for basic life support**

,1988    **Lange Critical Care** John M. Oropello, Vlad Kvetan, Stephen M. Pastores, 2016-11-22 A practical concise and up to date reference for the ICU A Doody's Core Title for 2019 LANGE Critical Care delivers concise evidenced based and highly clinical coverage of the surgical and medical aspects of critical care. The book provides basic fundamentals applications and insights that will be of lasting value to all ICU physicians, nurses, advanced care providers and allied personnel who care for the critically ill and injured patients in all ICUs. Noteworthy features include a well illustrated Clinical Care Procedures section, high yield summaries of the full spectrum of essential critical care topics and the inclusion of Controversies chapters throughout each section addressing some of the ambiguous aspects of critical care. This timely book also covers the growing scope of critical care provided outside the ICU and the increasing importance of critical care services within the hospital structure. In keeping with the multi professional nature of critical care delivery several chapters are authored or coauthored by critical care fellows, ICU nurses, physician assistants, nurse practitioners and pharmacists. FEATURES Includes both the surgical and medical aspects of critical care making it valuable to the intensivist working in the medical, surgical or neurological ICU. Utilizes numerous visual elements such as figures, tables and algorithms. Appendix contains valuable reference material and formulas including a chapter on bedside statistics. Excellent primer for internal medicine and anesthesiology ICU rotations and great for board examination review.

**Staff Development Nursing Secrets** Kristen L. O'Shea, 2002-06-13 Staff Development Nursing Secrets is a practical guide for nurse educators working in staff development. The question and answer format helps provide readers with specific answers to their everyday questions and challenges. The text explores the state of today's healthcare world and identifies the myriad of competencies and skills necessary for a nurse educator to succeed. In addition, nurse educators will gain useful tips and knowledge regarding the planning, implementation and evaluation of many types of educational programming. The text concludes with a section on the nuts and bolts of common staff development programs. Engaging interactive Q & A format. Concise answers with valuable pearls, tips, memory aids and secrets. 22 succinct chapters written for quick review. All the most important need to know questions and answers in the proven format of the highly acclaimed Secret Series. Thorough, highly detailed index.
