New Essays On The Awakening The American Novel:

New Essays on The Awakening Wendy Martin, 1988-07-29 When *The Awakening* was first published in 1899 it was an extraordinarily controversial book. One of the first American novels to concern itself with themes of adultery and divorce it was widely attacked as vulgar and unhealthy. In her introduction to this collection Wendy Martin discusses the historical background of the novel and analyses the heroine's evolution from a role of traditional femininity to one of autonomous individualism. The essays that follow explore other central themes of the novel as well as locating Chopin in the tradition of American women novelists and discussing her status as a pre-modernist writer. [A Companion to the American Novel](#)

Alfred Bendixen, 2014-11-17 Featuring 37 essays by distinguished literary scholars *A Companion to the American Novel* provides a comprehensive single volume treatment of the development of the novel in the United States from the late 18th century to the present day. Represents the most comprehensive single volume introduction to this popular literary form currently available. Features 37 contributions from a wide range of distinguished literary scholars. Includes essays on topics and genres, historical overviews and key individual works including *The Scarlet Letter*, *Moby Dick*, *The Great Gatsby*, *Beloved* and many more. **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 *Reader's Guide Literature in English* provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo-Saxon times to the current American, British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study. **Aesthetics and Gender in American Literature** Deborah Barker, 2000 In their challenge to a gendered, racialized evolutionary aesthetics as embodied in the female copyist as an icon of cultural reproduction, these women writers enact in a fictional format what many recent feminists address at the theoretical level: a resistance to essentialist definitions of women's nature and to universal standards of high culture. BOOK JACKET **EL-Hi Textbooks & Serials in Print, 2005**, 2005 **EL-Hi Textbooks and Serials in Print**, 2006 **The Oxford Encyclopedia of American Literature** Jay Parini, 2004 The *Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the *Encyclopedia* lie 250 essays on poets, playwrights, essayists and novelists. Figures such as Whitman, Melville, Faulkner, Frost and Morrison are discussed in detail with each examined in the context of his or her times: an assessment of the writer's current reputation, a bibliography of major works and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman* and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The *Encyclopedia* also contains essays on literary movements, periods and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography and a system of cross-references helps readers locate information with ease.

The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study Forthcoming Books Rose Army,1988-07 The Awakening Joyce Dyer,1993 Kate Chopin s *The Awakening* 1899 is a masterpiece of feminist philosophy a novel whose pioneering vision and keen literary sensibility have established it as a landmark in the development of feminist awareness and made it required reading in courses worldwide *The Awakening* tells the story of Edna Pontellier a sensitive and artistic woman married to a New Orleans Creole whose urgent quest for human freedom and truth is fulfilled by none of the options prescribed by traditional late nineteenth century society The social and economic security her husband provides motherhood to her two sons even romantic pleasure and sexual passion are available to Edna yet none addresses her essential need to realize her position in the universe as a human being As Joyce Dyer shows us in this expert introduction to Chopin s famous novel Edna s inexorable awakening to her needs and talents to her right to pursue them and finally to the impossibility of living with them in her time can end only in tragedy Dyer refuses to judge Edna but rather chooses to do what Edna asks of us all in her final scene to understand her Dyer begins with an eloquent analysis of the literary and cultural milieu of America at the turn of the nineteenth century revealing Edna as both victim and symbol of her era She brings us to the 1899 St Louis Fair whose bombastic celebration of both future progress and conservative traditions had fascinated Chopin Caught between these opposing tides herself Chopin created a heroine who is the true ancestor of the twentieth century woman more spiritual Dyer shows us than Flaubert s Emma Bovary more openly sensual than the heroines of Chopin s contemporaries Charlotte Perkins Gilman and Sarah Orne Jewett as open to new forces as Huxley Darwin and Spencer yet still as thwarted in her own way as the souls championed by 1890s activists Susan B Anthony and Mother Jones were in theirs Reading the novel against this background Dyer explores the specific events characters and themes of *The Awakening* illuminating Edna s relationship with Mlle Reisz her flirtation with Robert her affair with Alcee the role of recurring characters from Chopin s earlier fiction and the overwhelming importance of symbols like the Louisiana oaks moonlight and the sea Dyer also explores the slowly awakening critical reception to Chopin s novel tracing reactions from early outrage to contemporary acclaim *Essays on American Literature, in Honor of Jay B. Hubbell* Jay Broadus Hubbell,1967 A collection of critical essays examining numerous American authors and literary trends since colonial times **American Literature** Albert H. Smyth,1889 **The Femme Fatale in American Literature** Ghada Suleiman Sasa,2008 Characters in the literary tradition of American naturalism are usually perceived as passive lacking in will weak and predetermined They are constantly seen as the victims of heredity and environment and their lives are shaped according to these strong forces that operate upon them This interesting book examines the representation of female characters in American naturalism and argues that women in American naturalism are often represented as femmes fatales Since heredity and environment are the determining factors in their lives they are

victims who have no control However with characters such as Trina Sieppe in Frank Norris s McTeague Caroline Meeber in Theodore Dreiser s Sister Carrie Edna Pontellier in Kate Chopin s The Awakening and Helga Crane in Nella Larsen s Quicksand these women victims gradually turn themselves into victimizers in order to conquer both heredity and environment They consciously and deliberately use the only power they have that can help them overcome the naturalistic world in which they are entrapped the power of the feminine The book explains who exactly the femme fatale that has been born out of American naturalism is and explores images of women in American realism who precede the femme fatale of American naturalism This study examines characters like Trina Sieppe Caroline Meeber Edna Pontellier and Helga Crane It analyzes these women s backgrounds their demeanors their temperaments their experiences and their settings and explains how and when each woman decides to use her sexuality There is also a brief discussion of other femmes fatales in American naturalism such as Stephen Crane s Maggie A Girl of the Streets Although the perception of women in nineteenth century American literature has always had its place in discussions of literary texts this book is unique in its argument that women in American naturalism are neither weak nor passive but rather are strong and daring women who try diligently to find a means of fighting back This book is an important addition to collections in literature and Women s studies
