Gender Confirmation Surgery Loren S. Schechter, 2020-01-31 Gender confirming surgery represents one of many therapies for individuals with gender dysphoria and can be pivotal in allowing individuals to become their true selves. An emerging field, this text represents a continuing evolution of surgical techniques as well as a framework around which surgical therapies are based. Providing a fundamental understanding of the surgical principles while also recognizing the fast-paced nature of the advances in technique, Gender Confirmation Surgery touches upon the challenges and complexities in the surgical care of transgender individuals, featuring detailed sections for transwomen and transmen, surgeries, non-surgical options, and establishing educational programs. Written as a guide primarily for surgeons in plastics, urology, and gynecology, this book can also appeal to primary care practitioners, mental health professionals, and endocrinologists. By representing an evolution of technique and advances in the field, Gender Confirmation Surgery offers a framework around which practitioners can familiarize themselves with gender surgery.

Sexual Ethics and Islam Kecia Ali, 2016-01-07. Whether exploring the thorny issues of wives' sexual duties, divorce, homosexuality, or sex outside marriage, discussions of sexual ethics and Islam often spark heated conflict rather than reasoned argument. In this updated and expanded edition of her ground-breaking work, feminist Muslim scholar Dr. Kecia Ali asks how one can determine what makes sex lawful and ethical in the sight of God. Drawing on both revealed and interpretative Muslim texts, Ali critiques medieval and contemporary commentators alike to produce a balanced and comprehensive study of a subject both sensitive and urgent, making this an invaluable resource for students, scholars, and interested readers.

The Media Relations Department of Hizbollah Wishes You a Happy Birthday Neil MacFarquhar, 2010-03-23. Since his boyhood in Qadhafi's Libya, Neil MacFarquhar has developed a counterintuitive sense that the Middle East, despite all the bloodshed in its recent history, is a place of warmth, humanity, and generous eccentricity. In this book, he introduces a cross-section of unsung dynamic men and women pioneering political and social change: There is the Kuwaiti sex therapist in a leather suit with a matching red headscarf and the Syrian engineer advocating a less political interpretation of the Koran. MacFarquhar interacts with Arabs and Iranians in their everyday lives, removed from the violence we see constantly yet wrestling with the region's future. These are people who realize their region is out of step with the world and are determined
