Crowdsourcing: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2019-05-03. With the growth of information technology, many new communication channels and platforms have emerged. This growth has advanced the work of crowdsourcing, allowing individuals and companies in various industries to coordinate efforts on different levels and in different areas. Providing new and unique sources of knowledge outside organizations enables innovation and shapes competitive advantage. **Crowdsourcing: Concepts, Methodologies, Tools, and Applications** is a collection of innovative research on the methods and applications of crowdsourcing in business operations and management science, healthcare, education and politics. Highlighting a range of topics such as crowd computing, macrotasking and observational crowdsourcing, this multi-volume book is ideally designed for business executives, professionals, policymakers, academicians and researchers interested in all aspects of crowdsourcing. **Competitive Strategies for Academic Entrepreneurship: Commercialization of Research-Based Products** Szopa, Anna, 2015-09-21. In recent years, the pace of technological growth from the very first stages of research and development to full-scale industrial implementation has quickened at an exponential rate. To better keep pace with rapidly changing market demands, the gap between university research incubators and public sector start-up companies has undergone a marked contraction. **Competitive Strategies for Academic Entrepreneurship: Commercialization of Research-Based Products** seeks to fill the gap in research between universities and the public and offers cutting-edge insight into the current state of the field. Charting a course that moves from discussions of academic resistance and implications for knowledge transfer theory to current case studies of academic industrial launch pads like COTEC's Technology Commercialization Accelerator and the Maryland Industrial Partnerships program, this publication targets an audience of academicians, administrators, researchers, entrepreneurs and established professionals and seeks to provide insight into the mechanisms by which the research of today becomes the household names of tomorrow. **Fiat 500 Owner's Workshop Manual** John Harold Haynes, James
