NASA You Have a Problem Roger Vincent,2016-05-18 Back Cover Summary This is a fictional story about the struggle of two people and how outside forces nearly destroyed their lives Love kept them together and they never gave up on each other Even when unimaginable obstacles got in their way and the word can t never entered the picture Friendly aliens assisted in nearly every way without giving up their advanced technology They even destroyed one of their starships to see a safe return of the shuttle and its crew This is an action packed story with lots of drama and please don t do some of the stunts they did this is fiction after all All characters names and places are fictional along with everything else All music is copyrighted by one record company or another **Problem Solving and Programming Concepts** Maureen Sprankle,2006 Revised to reflect changes in the programming industry as well as user feedback this successful book emphasizes that problem solving is the same

in all computer languages regardless of syntax. Uses a generic non language specific approach to present the tools and concepts required when using any programming language to develop computer applications. Is designed for readers with little or no computer experience but is also useful to programmers at any level. Provides step by step progression and consistent in depth coverage of topics with detailed explanations and many illustrations. Covers topics ranging from the basics of mathematical functions and operators to the design and use of such techniques as code arrays, pointers, other data structures, database concepts and object oriented programming concepts. A useful reference for programmers.

Organise your life in Seven Simple Steps Nigel Rowe, 2021-08-16

Have you ever wasted hours trying to find something you needed like a tool to repair something. Or renewed your home insurance or mobile phone contract in a rush not knowing whether you got a good deal or paid a ridiculous increase. Or bought a book, CD or DVD twice because you forgot you already had it. Or maybe wish you had kept that first painting your child proudly brought home for you from school and knew where it was. It's so easy to rush through life constantly doing things without fully absorbing and enjoying our experiences creating more and more physical and mental clutter. Wasting time and energy simply being inefficient without aim or purpose. This book offers you a way to become more organised and effective. To add clarity, structure and order to your life in seven practical steps which include amazingly simple ideas that I have developed over many years. This approach has worked for me and I'm sure it can help you. You can adapt them to suit your needs and lifestyle to help you to Create order and clarity in key aspects of your life. Organise your personal and family space more effectively. Manage your financial admin tasks. Learn more effectively. Enhance your memories. Get more from your hobbies and leisure activities. But above all to feel better about yourself. To regain control and feel more organised, effective and energised.
