Oracle Apex For Beginner Syafrial Fachri Pane, Rayhan Prastyo, Siti Nurhayati Puja Kesuma, 2020-03-20 Oracle apex merupakan sebuah aplikasi database yang disediakan oleh oracle dan untuk kalian yang ini mempelajari database khususnya oracle apex maka buku ini tepat untuk kalian *Oracle APEX 20 For Beginners* Riaz Ahmed, 2020-07-07 This is my eleventh book on Oracle Application Express APEX written for the latest version Just like my previous books that exposed the technology to thousands around the globe this book is also aimed at absolute beginners who wish to learn from self paced professional guidance and need a solid foundation in Oracle APEX The world of technology is changing very rapidly Things that used to be done in months are now being done in days and even hours There are so many web development technologies out there and to pick the right one as a beginner is a very tedious task Web development comes with a huge set of rules and techniques every web developer should know about If you want your web applications to look and function as you wish them to you need to put on many hats to get familiar with web technologies that will help you achieve your goal We are building a world where any business idea can be automated in minutes From web application development perspective you need a platform to rapidly respond to these ever changing demands This is where Oracle APEX fits in Oracle APEX is a low code application development platform and this is the most exciting feature of Oracle APEX that efficiently copes with the current trends Low code app development enables people without technical backgrounds to develop innovative apps and can help speed time to develop It has the capability to make everyone a developer From software customization to complex apps low

code is capable of equipping any employee with powerful tools for improved operational efficiency. Low code platforms enable agility and faster, more accessible development cycles. One benefit of low code app development is it allows non coders to prototype solutions quickly. These solutions can be tested, evaluated, and refined without having to involve formal software development staff members. As a low code web application development tool, Oracle APEX helps you create complete applications visually with the help of drag and drop interface and wizards. Rather than writing thousands of lines of complex code and syntax, this low code platform allows you to build complete applications with modern user interfaces, integrations, data, and logic quickly and visually. If you have strong intentions to become a dynamic web developer, then you have landed on the right page. This book will provide you with a solid foundation of Oracle APEX and will set a firm ground to develop robust application systems to fulfill the information requirements of your organization. Special offer: For those who are new to SQL or those who want to strengthen their SQL knowledge, I'm providing my SQL PLSQL e book with this book for FREE. [SQL for Everyone](#) Riaz Ahmed, 2015-06-16. SQL language is too voluminous and exposure of every aspect of this huge language is a very tedious task. Keeping aside the least utilized features, this book is rolled out with focus on the more operational areas of the language. It is meant to help you learn SQL quickly by yourself. It follows a tutorial approach wherein hundreds of hands on exercises are provided, augmented with illustrations to teach you SQL in a short period of time. Without any exaggeration, this book will expose SQL in record time provided that you are a determined self learner. This book is ideal for self study and it can also be used as a guide for instructor led classroom training. This book is designed in such a way that you can learn the SQL language even if you do not have access to your PC. This work is an attempt to cram the most useful information about SQL into a compact guide that will put your exploration vehicle in the top gear.

Express 5.1 Basics and Beyond Riaz Ahmed, 2017-01-17 You will find stuff about workspace application page and so on in every APEX book. But this book is unique because the information it contains is not available anywhere else. Unlike other books it adopts a stimulating approach to reveal almost every feature necessary for the beginners of Oracle APEX and also takes them beyond the basics. As a technology enthusiast I write on a variety of new technologies but writing books on Oracle Application Express is my passion. The blood pumping comments I get from my readers on Amazon and in my inbox are the main forces that motivate me to write a book whenever a new version of Oracle APEX is launched. This is my fifth book on Oracle APEX and the best so far written after discovering the latest 5.1 version. As usual I'm sharing my personal learning experience through this book to expose this unique rapid web application development platform. In Oracle Application Express you can build robust web applications. The new version is launched with some more prolific tools to maximize developers productivity. Once again I've left out the boring bits and have adopted the same practical inspirational approach that has exposed the anatomy of Oracle Application Express to thousands of beginners in the past. The most convincing way to explore a technology is to apply it to a real world problem. In this book you'll develop a sales web application that not only reveals the anatomy of Oracle Application Express but at the same time provides hands on techniques that build a solid foundation for you to become a web developer. Since there are lots of changes in the new version all content has been revised to slot in these changes including the features new to version 5.1. The short list below summarizes the features of Oracle APEX 5.1 covered in this book. Hands on exposure to the new features such as Interactive Grid, Oracle JET Charts, the new declarative Master Detail, Detail capabilities, dozens of new properties and new development procedures. Teaches how to rapidly develop data centric web application for desktops, laptops, tablets and latest smartphones. Produce highly formatted PDF reports including invoices, grouped reports and pivot tables not covered in any other APEX book. Design and implement a comprehensive custom security module unique to this book. Step by step instructions to create mobile version of the application using existing desktop application pages not covered in any other beginner's guide. This is a concise yet a

concrete book on Oracle Application Express written for those who want to become web application developers The sticky inspirational approach adopted in this book not only exposes the technology but also draws you in and keeps your interest up till the last exercise I m grateful to all my readers whose helpful feedback enabled me to further polish my work in this edition Special offer For those who are new to SQL or those who want to strengthen their SQL knowledge I m providing my e book SQL The Shortest Route For beginners with this book for FREE [Oracle APEX Cookbook](#) Marcel Van Der Plas,Michel Van Zoest,2013-10-25 As a Cookbook this book enables you to create APEX web applications and to implement features with immediately usable recipes that unleash the powerful functionality of Oracle APEX 4 2 Each recipe is presented as a separate standalone entity and the reading of other prior recipes is not required It can be seen as a reference and a practical guide to APEX development This book is aimed both at developers new to the APEX environment and at intermediate developers More advanced developers will also gain from the information at hand If you are new to APEX you will find recipes to start development and if you are an experienced user you will find ways to improve your productivity and efficiency and make the most of APEX to enhance your applications A little knowledge of PL SQL HTML and JavaScript is assumed [Applied](#)
