Memory Lane Was a Gravel Road for Eight Generations Ed Butler,2015-08-18 Ed Butler is fortunate to know so many stories about his ancestors Some of the stories have been handed down for several generations Others are his experiences Often they bring to mind more questions than they answer If you were homesteading land in 1821and your husband went to clear land one afternoon and totally disappeared how would you survive Could you survive a fifty mile trip in an ox cart much of it through swampy woodlands with three small children The youngest was not old enough to eat solid food Do you know anyone fourteen years old that left home and was gone for nearly six years before returning Ed states that his Dad is the only person he ever knew that had traveled and lived in a covered wagon and the only person he knew that had trained and worked three yokes of oxen His Dad milked cows for sixty two years and was an animal whisperer long before the term horse whisperer was coined Ed s Mother had a two year teachers certificate and taught school in a one room schoolhouse before she got married She sure knew how to maintain order in her classroom Have you ever eaten dried Tennessee strawberries How many people that you know have owned a horse and top buggy and have driven it in a local parade These stories and many others are told in this narrative Often Ed provides details and explains the terms he uses so today s reader can understand how he was raised and how eight generations survived the hardships they encountered
