David W. Henderson

Peculiar Speech Preaching To The Baptized:

Peculiar Speech William H. Willimon, 1992 Because the baptized people in a congregation are called peculiar the preacher needs to address them with peculiar speech letting the Biblical text call them to live a transformed life in keeping with the baptism Includes three powerful baptismal sermons *Christian Preaching* Michael Pasquarello III, 2011-06-28 Michael Pasquarello has written a must read book articulating a Trinitarian vision for preaching His compelling argument is richly informed by traditional biblical hermeneutics creedal history understood as storied attestation of the witness of Scripture and liturgical theology and practice considered as embodied performance of the Bible's divine narrative Here is a clear summons to the church to abandon all lesser homiletic aims and to prayerfully and faithfully proclaim the holy gospel to the glory of God Charles L Bartow Princeton Theological Seminary Like all of Michael Pasquarello's work his newest book not only upholds the classical Christian tradition but also breathes new vitality into it In an era in which preaching is reduced to persuasive communication Pasquarello reminds us that the Christian message has a content that originates in and gives expression to the Father Son and Holy Spirit Richard Lischer Duke Divinity School One of the refreshing things about this fine book by Michael Pasquarello is that when he thinks about the ministry of preaching he is not afraid to measure the breadth historically or plumb the depths theologically Pasquarello has written this book like a good sermon faithfully thoughtfully prayerfully and with a profound word to speak We are in his debt Thomas G Long Candler School of Theology Boldly challenging homiletical accommodation to American culture Pasquarello seeks to change the subject of preaching from method and marketing to the Triune God who is the source and goal of our speech A welcome theological vision of preaching Charles L Campbell Columbia Theological Seminary *Christian Preaching* brings together two disciplines that have sadly grown apart such that they almost developed irreconcilable differences preaching and theology Pasquarello offers a brilliant critique of theology as technique and draws on the theology and sermons of Irenaeus Augustine Luther Wesley and others convincingly demonstrating that effective pragmatic preaching requires substantive theological engagement and vice versa This book accomplishes its purpose so well that it should be used not only in preaching courses but also in basic theology courses No preacher should be let loose on a congregation without passing through Pasquarello's *Christian Preaching* D Stephen Long Marquette University Mike Pasquarello III PhD University of North Carolina Chapel Hill is Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary He is the author of *Sacred Rhetoric Preaching as a Theological and Pastoral Practice of the Church* On Being the Church Brian Haymes, Ruth Gouldbourne, Anthony R. Cross, 2009-04-01 This book re-examines Baptist theology and practice in the light of contemporary biblical theological ecumenical and missiological perspectives It is not a study in denominationalism but rather attempts to revision historical insights from the believers church tradition seeking to re appropriate forgotten emphasis bringing them together in a revised ecclesiology **The Company of Preachers** Richard Lischer, 2002-08-30 This unique volume draws on

the wisdom of Christian thinkers and preachers from across the ages to present a warm and informative collection of insights on the art of preaching Gathering the writing of figures as diverse as Augustine John Chrysostom Jonathan Edwards Gardner C Taylor and Barbara Brown Taylor *The Company of Preachers* provides experienced advice on effective preaching direct from the pens of those who have known it best The book is arranged in seven divisions each covering a central component of the preaching task Editor Richard Lischer himself a distinguished preacher and teacher gives a brief introduction to each selection Aptly presenting a theological and historical cross section of the church s homiletics this volume will be invaluable to preachers students preparing for ministry and others seeking models of powerful Christian speech Features insights on preaching from Augustine Karl Barth Dietrich Bonhoeffer Walter Brueggemann Rudolf Bultmann Horace Bushnell David Buttrick John Calvin John Cassian John Chrysostom Fred B Craddock C H Dodd Jarena Lee Jonathan Edwards Charles Grandison Finney P T Forsyth Harry Emerson Fosdick Gregory the Great George Herbert Martin Luther Henry H Mitchell John Henry Newman Phoebe Palmer Paul Ricoeur Oscar Romero Friedrich Schleiermacher Charles Haddon Spurgeon Barbara Brown Taylor Gardner C Taylor John Wesley and many more **Competing Truths** Richard J. Coleman, 2001-08 Richard Coleman pushes both scientists and theologians past the paradigms of comparison and contrast opposition and competition and argues that two disciplines must challenge each other as each seeks to find truth from its own particular tradition Religious and Theological Abstracts , 1993 *The Intrusive Word* William H. Willimon, 1994 Starting from the belief that preaching is an act of evangelism in today s church this book considers what it means to preach to those who have not yet heard the gospel in its life changing disruptive fullness In a lively pointed and at times humorous style Willimon shows how today s pastors must revise their preaching as part of the church s joyful attempt to proclaim Christ **Life in the Spirit** Andrea Snaveley, 2015-05-12 What would the church look like if Christians saw their lives as constituted by the Spirit s presence to live as Jesus lived In a time when being led by the Spirit is defined more by achieving the American Dream than by Jesus s life answering this question rightly seems all the more critical for the church to survive in a culture increasingly hostile to Christianity Building upon the work of post Constantinians John Howard Yoder and Stanley Hauerwas and upon the Trinitarian Spirit Christology of Leopoldo Sanchez this account of the Christian life provides a framework for seeing one s Christian life as one transformed by the Spirit to live in the resurrection reality of Jesus s sonship with the Father in the Spirit In the process one will discover that for Jesus being led by the Spirit meant trusting his Father to the point of death on a cross trusting God to resurrect him even if he did not save him Should it mean the same for Christians today If so this would require the church to reimagine its ministries for the Spirit to work repentance and faith rather than simple agreement For Christians living in the Spirit their lives might look very different **Studia Liturgica** , 1997 **A Voice in the Wilderness** Stephen W. Brown, Haddon W. Robinson, Steve Brown, William H. Willimon, 1993 Pastors today face formidable pressure both professionally and personally pressure that can overwhelm them and destroy their effectiveness If

you want to survive the tremendous stress you need to prepare yourself for the pressure points of ministry *Debate on Baptism and the Work of the Holy Spirit* Joseph Burnley Moody,1889 *Mid-America Journal of Theology* ,2007
Perspectives ,1994 *Debate on Baptism* Joseph Burnley Moody,1889 **The Catholic Lawyer** ,1991 Your God Is Too Safe Mark Aldham Buchanan,2001 Explores the reasons why people often get stuck on their spiritual walk with God continuing in busyness but reverting to old ways of cynicism and self indulgence and looks at how some men and women have learned to keep their heart burning for Jesus **Can a Good Christian be a Good Lawyer?** Thomas E. Baker,Timothy W. Floyd,1998 These 21 personal narratives answer the question of how each writer tries sometimes but not always successfully to be both a good Christian and a good lawyer Reading about these real life ethical dilemmas conflicting loyalties and personal difficulties should offer reassurance **Against the Grain** Michael Goldberg,1993 This book represents a rejection of most of the current thinking on professional ethics and explores ways in which the notion of religious tradition may suggest new story based angles for taking a fresh look at professional ethics issues Includes a helpful Ethics Audit Worksheet **Worship and Evangelism in Pre-Christendom** Alan Kreider,1995 *Culture Shift* David W. Henderson,1998-11-01 A map of today s cultural landscape guiding Christians toward more effective communication with the postmodern world
