**Film Editing Handbook** Hugh B. Churchill, 1972      ADA Paratransit Handbook Russell H. Thatcher, 1991

This handbook provides guidance and practical information for implementing the complementary paratransit service requirements of the Americans with Disabilities Act of 1990 (ADA). A primary purpose of this handbook is to assist transit operators and planners with the preparation of required ADA paratransit plans. The first five chapters summarize the law and complementary paratransit service requirements. Eligibility determination, service criteria, and operating standards and requirements are analyzed in detail. The last four chapters discuss paratransit service models, ways to enhance fixed route service in order to reduce the need for paratransit, the preparation of paratransit plans including a step-by-step planning methodology, and key implementation issues such as scheduling, training, equipment specifications, and recordkeeping.
