Return on Courage Ryan Berman,2019-01-15 Unlock Courage What do an astronaut a Navy SEAL the cofounder of Method the former VP of communications at Apple and the president of Domino s all have in common Ryan Berman spent three years shadowing the most courageous people and leaders on the planet to find out what they have done to accomplish liberating personal or business feats Fifty two percent of Fortune 500 companies from the year 2000 are now extinct and 80 percent of all start ups will fail within their first 18 months Yet there s a lack of urgency to address this callous reality across the board in most organizations And the solution can be unlocked with courage Return on Courage ROC is the go to courage instructional manual that helps readers attack and shrink business fears head on They will learn how to relentlessly play offense drive change and transform into a Courage Brand ROC can be the secret weapon to innovating new products and services maximizing ROI and revolutionizing their industry

Return of the Hustle Eric Sheinkop,2016-03-11 Has a commercial ever brought you to tears Has a movie ever inspired you so much you change your way of life Has the series finale of a television show ever broken your heart Has a video game ever altered your perception of reality If you re like most consumers you answered yes to at least one of those questions Whether you remember it or not the music of that ad film show or game probably played a big role in influencing your emotional response during that experience In fact music is included in media specifically for the purpose of connecting with audiences on a deeper level that visuals alone cannot access A strong music strategy is fundamental to the success of television film brands and video games Because of higher expectations for audiovisual content it will take more than clever animation or a celebrity cameo to connect with consumers in an authentic organic way By providing audiences with a genuine music experience whether with an exclusive song through an artist partnership or by featuring new music from an emerging band you can build a bond that extends far beyond product experience Music touches us emotionally in a way that words seldom do We feel it we remember it In Return of The Hustle a leading music and marketing industry insider discusses the diverse audio touchpoints for four key industries and shows how marketers storytellers and advertisers can use music to effectively guide audiences along the customer journey from passive consumers to brand advocates Return of The Hustle provides readers with a blueprint for music strategy that professionals at any level in any industry can use to attract consumers immerse them into the content and extend relationships between them and the brand long after the commercial ends or the credits roll With detailed case studies exhaustive interviews and thorough research Return of the Hustle gives readers the playbook to use the marketing power of music to drive business results
