That's what Jayson, a student who got into some of the nation's top BS MD programs at Brown, Caltech, and Penn State through countless nights of energy drinks, realized when he was in high school. This book fixes that. More Than Just BS is Jayson's unique, tested, foolproof plan to acing the apps for these crazily competitive medical programs. It's a resume building preparation plan, a step by step guide to the application process, plus a safe haven for students. It's got checklists, summaries, clever shortcuts, sneaky tips, and tons of cheeky remarks. **Machine Learning Interviews** Susan Shu Chang, 2023-11-29 As tech products become more prevalent today, the demand for machine learning professionals continues to grow. But the responsibilities and skill sets required of ML professionals still vary drastically from company to company, making the interview process difficult to predict. In this guide, data science leader Susan Shu Chang shows you how to tackle the ML hiring process. Having served as principal data scientist in several companies, Chang has considerable experience as both ML interviewer and interviewee. She'll take you through the highly selective recruitment process by sharing hard-won lessons she learned along the way. You'll quickly understand how to successfully navigate your way through typical ML interviews. This guide shows you how to explore various machine learning roles, including ML engineer, applied scientist, data scientist, and other positions. Assess your interests and skills before deciding which ML role to pursue. Evaluate your current skills and close any gaps that may prevent you from succeeding in the interview process. Acquire the skill set necessary for each machine learning role. Ace ML interview topics including coding, assessments, statistics, and machine learning theory and behavioral questions. Prepare for interviews in statistics and machine learning theory by studying common interview questions. *Macworld*, 1991
