Focus On: 100 Most Popular American Dance Musicians Wikipedia contributors, **Focus On: 100 Most Popular American 3D Films** Wikipedia contributors, **Taylor Swift: The Stories Behind the Songs** Annie Zaleski, 2024-09-24

From her humble beginnings as a teenage country singer to her record breaking Eras Tour Taylor Swift's career is incomparable both in her mastery over multiple genres and the pure scale of her fan base and success. By weaving effortlessly through country, rock, pop, indie, and folk music, Swift has created a style of her own. This book provides a comprehensive review of her entire songbook to date, covering all eleven studio albums and more than 200 songs that tell a dramatic story of life, love, and triumph.

Feminism and Gender Politics in Mediated Popular Music Ann Werner, 2022-08-11

What does it mean in a polarized political climate that feminism was popular in mainstream popular music of the 2010s? Engaging with feminist theory and previous research about gender and music, this book investigates the meaning of current trends relating to gender, feminism, and woman-identified artists in mediated popular music. The examples discussed throughout the book include Netflix documentaries by Beyoncé, Lady Gaga, and Taylor Swift, the Swedish music industry, MeToo petition, and music streaming services' gender equality work, and the project Keychange, striving to bring underrepresented genders to the stage. The volume discusses the media specificity of the different examples, introduces and explains feminist theories and concepts, and analyzes the position of women in gender politics and feminisms in popular music.

The Storyteller's Dilemma Louis Hernandez Jr., 2017-03-01

Book: Human beings are natural storytellers, and it's never been easier to access digital technologies that allow anyone anywhere to share their story with the world. More stories are being produced and consumed now than at any other time in our species' history, yet for some reason it's never been more difficult to cut it as a creative. Consumers are paying less if anything for all forms of entertainment, traditional media companies are tanking, and the advertising realm has been turned on its head. Although operating budgets have increased in every sector, storytellers are making less than ever before as the lion's share of new revenues cyclically feed mechanisms for distribution and monetization. Our media landscape is in short, unsustainable, and in the midst of a crisis. What went wrong? How can we fix it? Although he presides over Avid, the leading provider of audio and video technology for creatives and media professionals, Louis Hernandez Jr. isn't your typical multinational CEO. In his two previous books, *Too Small to Fail: How the Financial Industry Crisis Changed the World's Perceptions* and *Saving the American Dream: Main Street's Last Stand*, he charted his vision of an egalitarian America structured around the communities that compose its very foundation. He brings the same mindset, the same notion of countless small actors with unlimited potential to the tumultuous world of media, with his third book, *The Storyteller's Dilemma: Overcoming the Challenges in the Digital Media Age*. In *The Storyteller's Dilemma*, Hernandez puts forth another comprehensive vision for our future that aims to advantage all while disadvantaging none. This book is neither a diatribe against economic elites nor a postmortem analysis of the ills of digital distribution. Instead, it

proposes a new approach with the potential to benefit all involved parties an approach that at once embraces the intensifying power of storytelling and eschews the notion that disruption and instability must greet an industry hand in hand Rather than favoring any given group over another Hernandez imagines a streamlined world of shared platforms and common standards that empower storytellers developers and deliverers alike By dispensing of business models that have proved unviable in the digital age we can turn higher profits while more equitably compensating creatives and creative endeavors In today s networked world the economics of storytelling matters to everybody It s time we all got onboard

Storhoff,2020-10-21

Harmony and Normalization US Cuban Musical Diplomacy explores the channels of musical exchange between Cuba and the United States during the eight year presidency of Barack Obama who eased the musical embargo of the island and restored relations with Cuba Musical exchanges during this period act as a lens through which to view not only US Cuban musical relations but also the larger political economic and cultural implications of musical dialogue between these two nations

Policy shifts in the wake of Ra l Castro assuming the Cuban presidency and the election of President Obama allowed performers to traverse the Florida Straits more easily than in the recent past and encouraged them to act as musical ambassadors Their performances served as a testing ground for political change that anticipated normalized relations While government actors debated these changes music forged connections between individuals on both sides of the Florida Straits

In this first book on the subject since Obama s presidency musicologist Timothy P Storhoff describes how after specific policy changes musicians were some of the first to take advantage of new opportunities for travel push the boundaries of new regulations and expose both the possibilities and limitations of licensing musical exchange Through the analysis of both official and unofficial musical diplomacy efforts including the Havana Jazz Festival the National Symphony Orchestra of Cuba s first US tour the Minnesota Orchestra s trip to Havana and the author s own experiences in Cuba this ethnography demonstrates how performances reflect aspirations for stronger transnational ties and a common desire to restore the once thriving US Cuban musical relationship **The Times Index** ,2013-05 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Time educational supplement Scotland and the Times higher education supplement **The Poets' Birds** Phil Robinson,1883 **New England Journal of Education** ,1877 **Youth's Companion** ,1877 **The Evangelist** ,1899 **Michigan School Moderator** ,1892 **Folio** ,1880 **Musical Record and Review** Dexter Smith,Lorin Fuller Deland,Philip Hale,Thomas Tapper,1879 **Brandweek** ,2010-04 **The Californian** ,1881
