Michelle Kwan Asian Americans Of Achievement:

Asian American Psychology Nita Tewari, Alvin Alvarez, 2009 First Published in 2009 Routledge is an imprint of Taylor Francis an informa company **Transnational Sport** Rachael Miyung Joo, 2012-02-06 Anthropologist Rachael Joo explores the gendered and mediated role of sports in producing a Korean sense of self on a global stage *Reading Asian American Representations* Albert Alwin Lowe, 2000 **Michelle Kwan** Rachel A. Koestler-Grack, 2009 From the day she laced up her first pair of skates Michelle Kwan knew she belonged on the ice When she was 7 years old she vowed that she would one day be an Olympic skater and went straight to work on making her dream come true By the time she was 12 she was already competing with top skaters from around the world At age 15 Kwan won her first national and world titles And in 1998 she made skating history at the U S Championships when she received 15 perfect scores for presentation in her long and short programs the most perfect scores ever for a female skater Michelle Kwan is the story of a gifted young athlete whose determination and focus have enabled her to become the most decorated skater in U S history Though the only medal ever to elude her was the Olympic gold Kwan remains a true champion and she has shown just as much grace in her setbacks as she has on the ice Her positive attitude has earned her the reputation of sports ultimate class act and it is sure to inspire readers of this engaging new volume *Asian American Athletes in Sport and Society* C. Richard King, 2014-10-24 For more than a century sporting spectacles media coverage and popular audiences have staged athletics in black and white Commercial media and academic accounts have routinely erased excluded ignored and otherwise made absent the Asian American presence in sport This book seeks to redress this pattern of neglect presenting a comprehensive perspective on the history and significance of Asian American athletes coaches and teams in North America The contributors interrogate the sociocultural contexts in which Asian Americans lived and played detailing the articulations of power and possibility difference and identity representation and remembrance that have shaped the means and meanings of Asian Americans playing sport in North America This volume will be of interest to students and scholars of the Asian American experience ethnic relations and the history of sport *Asian American Issues* Mary Yu Danico, Franklin Ng, 2004-11-30 Many Asian Americans have made great strides in achieving the American Dream However this diverse population faces great challenges from outside their communities as well as from within Asian American Issues brings to the fore eight major issues affecting the Asian American population today including media stereotypes of a model minority transnationalism panethnicity intergenerational conflict and cultural expression Students will find that the background narrative and questions for debate and discussion are a meaningful way to engage in the current events of this growing ethnic group The history of Asian immigrants in the United States spans more than 200 years Today they are the third largest minority group Almost half live in the West but there are population shifts to other regions of the country As they become more visible community dynamics continue to evolve Each generation also struggles with what it means to be Asian American **Asian American Society**

Mary Yu Danico, 2014-08-19 Asian Americans are a growing minority population in the United States. After a 46 percent population growth between 2000 and 2010 according to the 2010 Census, there are 17.3 million Asian Americans today. Yet Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian origin subgroups that defy simplistic descriptions or generalizations. They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a model minority for the generalized attributes offered uncritically in many media depictions. Asian American Society: An Encyclopedia provides a thorough introduction to the wide-ranging and fast-developing field of Asian American studies. Published with the Association for Asian American Studies (AAAS), two volumes of the four-volume encyclopedia feature more than 300 A to Z articles authored by AAAS members and experts in the field who examine the social, cultural, psychological, economic, and political dimensions of the Asian American experience. The next two volumes of this work contain approximately 200 annotated primary documents organized chronologically that detail the impact American society has had on reshaping Asian American identities and social structures over time. Features more than 300 articles authored by experts in the field organized in A to Z format help students understand Asian American influences on American life as well as the impact of American society on reshaping Asian American identities and social structures over time. A core collection of primary documents and key demographic and social science data provide historical context and key information. A Reader's Guide groups related entries by broad topic areas and themes. A Glossary defines key terms and a Resource Guide provides lists of books, academic journals, websites, and cross references. The multimedia digital edition is enhanced with 75 video clips and features strong search and browse capabilities through the electronic Reader's Guide, detailed index, and cross references. Available in both print and online formats, this collection of essays is a must-have resource for general and research libraries, Asian American ethnic studies libraries, and social science libraries.

[The Chinese Secrets for Success](#) YuKong Zhao, 2013-04-01 Go beyond the tiger mom philosophy with a more balanced and more useful elaboration of how to apply each Confucian value. Kirkus Reviews Today many American families are facing the economic fallout of global competition, a decline in education quality, the potential reduction of Social Security and Medicare benefits, and high oil prices. The answer to these problems can be found in five inspiring Confucian values regarding career aspiration, education, money management, family, and friendship: the untold secrets behind the rise of China and the success of Asian Americans, whom the Pew Research Center calls the highest income and best educated racial group in the US. Based on his bicultural living experience and deep understanding of Confucianism, YuKong Zhao connects ancient Chinese wisdom to today's real-life challenges and shares an inside view of how Chinese Americans apply these values to their lives and make themselves successful in their careers and as parents. Using an insightful cross-cultural perspective, he advocates a balanced approach that combines the strengths of Confucian values and American culture. He challenges many prevailing pop culture values and offers sensible solutions that are refreshing, distinctive, and

effective Will we be able to learn from other countries Can we take the best practices and apply them to our own culture I believe we have no choice in the matter if we are to be among the global leaders in the future The Chinese Secrets for Success is a good start to at least getting us thinking in a productive way Executive Leader Coach execleadercoach.com

American Book Publishing Record, 2006 **Asian American Culture** Lan Dong, 2016-03-14 Providing comprehensive coverage of a variety of Asian American cultural forms including folk tradition literature religion education politics sports and popular culture this two volume work is an ideal resource for students and general readers that reveals the historical regional and ethnic diversity within specific traditions An invaluable reference for school and public libraries as well as academic libraries at colleges and universities this two volume encyclopedia provides comprehensive coverage of a variety of Asian American cultural forms that enables readers to understand the history complexity and contemporary practices in Asian American culture The contributed entries address the diversity of a group comprising people with geographically discrete origins in the Far East Southeast Asia and the Indian subcontinent identifying the rich variations across the category of Asian American culture that are key to understanding specific cultural expressions while also pointing out some commonalities Entries are organized alphabetically and cover topics in the arts education and politics family and community gender and sexuality history and immigration holidays festivals and folk tradition literature and culture media sports and popular culture and religion belief and spirituality Entries also broadly cover Asian American origins and history regional practices and traditions contemporary culture and art and other forms of shared expression Accompanying sidebars throughout serve to highlight key individuals major events and significant artifacts and allow readers to better appreciate the Asian American experience *Asian Law Journal*, 2001 **The Contemporary Asian American Experience** Timothy P. Fong, 2002 This book examines the contemporary history culture and social relationships that form the fundamental issues confronted by Asians in America today Comprehensive yet concise it focuses on a broad range of issues and features a unique comparative approach that analyzes how race class and gender intersect throughout the contemporary Asian American experience Chapter topics cover the history of Asians in America emerging communities changing realities Asian Americans and educational opportunity workplace issues anti Asian violence Asian Americans and the media Asian American families and identities and political empowerment For anyone interested in an understanding and awareness beyond the simplistic stereotype of the model minority through the exposure to important concerns of Asian American groups and communities

Mormon and Asian American Model Minority Discourses in News and Popular Magazines Chiung Hwang Chen, 2004 Chen international cultural studies Brigham Young U chose to study magazine depictions of the seemingly disparate groups Mormons and Asian Americans because she is a member of each [Chinese American Forum](#), 2004

Yellow: Race In America Beyond Black And White Frank H. Wu, 2002 A leading voice in the Asian American community tackles what it means to be Asian American in contemporary America This explosive book examines the current

state of civil rights in the U S through the unique experiences of Asian Americans and how they view the democratic process

The Chinese-Americans Barbara Lee Bloom,2002 Discusses the reasons for emigration from China to mainland United States and Hawaii as well as the social and economic problems experienced by the Chinese Americans Distinguished

Asian Americans Hyung-chan Kim,1999-12-30 From historical figures to figure skater Michelle Kwan this work features both prominent and less familiar individuals who have made significant contributions in their fields A number of the contemporary subjects have given exclusive interviews for this work BOOK JACKET *Who's who Among Asian Americans, 1994-95* Amy

L. Unterburger,1994 Provides biographical information including career information and addresses for notable Asian Americans in all fields of endeavour The entries were selected on the basis of prominence in their fields or civic responsibility

The Horn Book Guide to Children's and Young Adult Books ,2007 Library of Congress Information Bulletin ,2005
