## **Parecon Life After Capitalism:**

Parecon Michael Albert, 2004-05-17 An answer to the constant economic query put to economic and globalization activists

*Economics After Capitalism* Derek Wall, 2015-06-20 There is no alternative has been the unofficial mantra of the neoliberal order since its utterance by Margaret Thatcher in the 1980s However there is an alternative to our crisis ridden austerity inflicted world and not just one alternative but many Challenging the arguments for markets mainstream economics and capitalism from Adam Smith onwards *Economics After Capitalism* provides a step by step guide to various writers movements and schools of thought critical of neoliberal globalisation These range from Keynesian inspired reformists such as Geroge Soros and Joseph Stiglitz critics of inequality like Thomas Piketty and Amartya Sen to more radical voices including Naomi Klein Marxists such as David Harvey anarchists and autonomists including Toni Negri and Michael Hardt By providing a clear and accessible guide to the economics of anti capitalism Derek Wall successfully demonstrates that an open source eco socialist alternative to rampant climate change elite rule and financial chaos is not just necessary but possible

**Transcending Capitalism** Howard Brick, 2015-09-25 *Transcending Capitalism* explains why many influential midcentury American social theorists came to believe it was no longer meaningful to describe modern Western society as capitalist but instead preferred alternative terms such as postcapitalist postindustrial or technological Considering the discussion today of capitalism and its global triumph it is important to understand why a prior generation of social theorists imagined the future of advanced societies not in a fixed capitalist form but in some course of development leading beyond capitalism Howard Brick locates this postcapitalist vision within a long history of social theory and ideology He challenges the common view that American thought and culture utterly succumbed in the 1940s to a conservative cold war consensus that put aside the reform ideology and social theory of the early twentieth century Rather expectations of the shift to a new social economy persisted and cannot be disregarded as one of the elements contributing to the revival of dissenting thought and practice in the 1960s Rooted in a politics of social liberalism this vision held influence for roughly a half century from its interwar origins until the right turn in American political culture during the 1970s and 1980s In offering a historically based understanding of American postcapitalist thought Brick also presents some current possibilities for reinvigorating critical social thought that explores transitional developments beyond capitalism

**Beyond Capitalism** Jeff Shantz, José Brendan Macdonald, 2013-04-25 Capitalism as a global system barely allows the needs of the majority of the world's population to be met Whether from an industrialized country such as the US or from South Africa the need for an alternative can be felt all over the world It is clear nowadays that due to the non democratic nature and inadequacies of capitalism another system must take its place Such a process has already begun through the cooperative movement which this book examines along with other initiatives Featuring essays by international scholars and activists from various spheres of the anti capitalist left the work features many examples from the north and the south to cover both the historically advanced and late capitalist

economies It discusses such initiatives as participatory economics the Mondragon experience worker cooperatives in Europe and Latin America solidarity economy in South Africa and more Written in an accessible manner Beyond Capitalism will be an invaluable resource for any student of social movements and political thought and for anyone looking for alternative to today's ongoing systemic crises

**Wobblies and Zapatistas** Staughton Lynd, Andrej Grubačić, 2008-09-01 Wobblies and Zapatistas offers the reader an encounter between two generations and two traditions Andrej Grubačić is an anarchist from the Balkans Staughton Lynd is a lifelong pacifist influenced by Marxism They meet in dialogue in an effort to bring together the anarchist and Marxist traditions to discuss the writing of history by those who make it and to remind us of the idea that my country is the world Encompassing a Left libertarian perspective and an emphatically activist standpoint these conversations are meant to be read in the clubs and affinity groups of the new Movement The authors accompany us on a journey through modern revolutions direct actions antiglobalist counter summits Freedom Schools Zapatista cooperatives Haymarket and Petrograd Hanoi and Belgrade intentional communities wildcat strikes early Protestant communities Native American democratic practices the Workers Solidarity Club of Youngstown occupied factories self organized councils and soviets the lives of forgotten revolutionaries Quaker meetings antiwar movements and prison rebellions Neglected and forgotten moments of interracial self activity are brought to light The book invites the attention of readers who believe that a better world on the other side of capitalism and state bureaucracy may indeed be possible

**A Glossary of Literary and Cultural Theory** Peter Brooker, 2016-12-08 The Glossary of Literary and Cultural Theory provides researchers and students with an up to date guide through the vibrant and changing debates in Literary and Cultural Studies In a field where meanings are frequently complex and ambiguous this text is remarkable for its clarity and usefulness This third edition includes 17 entirely new entries and updates to more than a dozen others which address key concepts and contemporary positions in both literary and cultural theory New entries include Actor Network Theory Anthropocene Ecocriticism Digital Humanities Postcapitalism World Literature

*Locating the Left in Difficult Times* Gordon Hak, 2017-08-08 This book investigates notions of the individual society the state economic relations and historical change that exist in the political left by drawing on contemporary philosophical political and social thought Using a discourse perspective this work brings together the many fractious strains in the left including social democracy anarchism communism and market socialism and discusses them in terms of their relationships with each other Not only does the study disentangle the left from liberal capitalism and progressive movements such as those against racism and inequality it sees the current left as intertwined with its history and its visions of the future

**Remaking Scarcity** Costas Panayotakis, 2011-09-12 The dominant schools of neoclassical and neoliberal economics tell us that material scarcity is an inevitable product of an insatiable human nature Against this Costas Panayotakis argues that scarcity is in fact a result of the social and economic processes of the capitalist system The overriding importance of the logic of capital accumulation accounts for the fact that capitalism is not able to

make a rational use of scarce resources and the productive potential at the disposal of human society Instead capitalism produces grotesque inequalities and unnecessary human suffering a toxic consumerist culture that fails to satisfy and a deepening ecological crisis Remaking Scarcity is a powerful challenge to the current economic orthodoxy It asserts the core principle of economic democracy that all human beings should have an equal say over the priorities of the economic system as the ultimate solution to scarcity and ecological crisis

**Solidarity Economy: Building Alternatives for People and Planet** Jenna Allard, Carl Davidson, 2008 The emergence of the global grassroots economic structural reform movement known as the Solidarity Economy This book contains the core papers discussion and debates on the topic at the U S Social Forum of 10 000 people in Atlanta in the summer of 2007 *Z Magazine*, 2007 *Beyond Bullets* Jules Boykoff, 2007 How government and media team up to silence sometimes permanently dissenting voices in the United States

**Jeff Herman's Guide to Book Publishers, Editors & Literary Agents** Jeff Herman, 2003 A guide to the names and specialties of American and Canadian publishers editors and literary agents includes information on the acquisition process and on choosing literary agents *The Ecologist*, 2003

**Babylon and Beyond** Derek Wall, 2005-10 Leading writer Boris Kagarlitsky offers an ambitious account of 1000 years of Russian history

**Real Utopia** Chris Spannos, 2008 With contributors including Barbara Ehrenreich Michael Albert Tom Wetzel Lydia Seargent Noam Chomsky and many more this is a collection of some of the finest progressive minds around Real Utopia catapults the imagination into visions of what participatory society may look like and how we might get there The writers aim to distinguish between what is feasible and what is a pipe dream proposing practical transformations of society's key defining institutions

**Learning as a Way of Leading** Stephen D. Brookfield, Stephen Preskill, 2009 This book offers a systematic look at the connections between learning and leading and the use of learning to inspire and organize for change It explores two interrelated dimensions of learning leadership the ways leaders themselves learn about leadership practice and the way leaders foster the learning of those they work with The book focuses on a number of important leadership activities and adopts a case study approach to illuminate how leaders themselves learn how they impart knowledge to others and how they support others in becoming more effective and enduring learners

**International Social Science Journal**, 2004

*A Path of Our Own* Adam Kempton Webb, 2009 A Path of Our Own tells the story of Pomatambo a village in one of the poorest parts of Peru's highlands Adam Webb brings to life the experiences of three generations of these humble peasants as they have been confronted by the modern world and tried to find a place in it Through a land reform a bloody Maoist insurgency and the economic turbulence of more recent years Pomatambo has looked for a way to break out of dire poverty while staying true to its own values and identity But this is much more than the story of one village Pomatambo's tale of hard times mirrors how traditional communities all over the world have been ill served by the dominant ideologies of the twentieth century Webb's poignant and insightful narrative demonstrates that the governments and movements of both right and left have not only failed to deliver for the rural poor but

also have assaulted much that they hold dear He maps out a vision of how traditional communities like Pomatambo can reclaim the future rather than surrender to others plans for them And he imagines an economy of values that at last could bring a just and decent prosperity to the countryside of the global South and elsewhere The Nation ,2003 *Rigging the Game* Michael Schwalbe,2008 In *Rigging the Game* a brief accessible introduction to the study of inequality in American society Michael Schwalbe investigates how inequality is both created and reproduced Guided by the questions How did the situation get this way and How does it stay this way Schwalbe tracks inequality from its roots to its regulation In the final chapter Escaping the Inequality Trap he also shows how inequality can be overcome Throughout Schwalbe s engaging writing style draws students into the material providing instructors with a solid foundation for discussing this challenging and provocative subject With its lively combination of incisive analysis and compelling fictional narratives *Rigging the Game* is an innovative teaching tool not only for courses on stratification but also for social problems courses introductory sociology courses and any course that takes a close look at how the inequalities of race class and gender are perpetuated
