Pari Du Fn Herv Bras:

The Inglorious Years Daniel Cohen, 2021-05-18 The book describes how today's postindustrial society is transforming us all into sequences of data that can be manipulated by algorithms from anywhere on the planet. As yesterday's assembly line was replaced by working online, the leftist protests of the 1960s have given way to angry protests by the populist right. The author demonstrates how the digital economy creates the same mix of promises and disappointments as the old industrial order and how it revives questions about society that are as relevant to us today as they were to the ancients.

Doch was sind die Hintergründe der aktuellen Situation wie ist die französische Gesellschaft strukturiert wie funktioniert das politische System Diese Einführung beschreibt die politischen wirtschaftlichen sozialen kulturellen und mentalen Strukturen die die gegenwärtige Situation der französischen Gesellschaft prägen und vermittelt ein grundlegendes Verständnis für unser Nachbarland Ausführlich beschäftigt sich der Autor mit dem historischen Gedächtnis Frankreichs den Medien den Kulturinstitutionen sowie mit den für Frankreichs Kulturpolitik wichtigen Bezügen zu den frankophonen Staaten und Kulturen außerhalb Europas Für die fünfte Auflage wurde der Band umfassend aktualisiert und erweitert **The Great Class Shift** Thibault Muzergues, 2019-11-05 This thought provoking book offers a new global approach to understand how four social class structures have rocked our political systems to the extent that no politician or political party can exist today without claiming

to be speaking on their behalf and no politician can hope to win an electoral majority without building a coalition among these classes Based on a four fold analysis Urban and Liberal Creatives Suburban Middle Class White Working Class and the Millennials this book shows that while many have focused on a supply side vision of politics to explain the upheavals in our political party systems a vision centred on demand and the Weberian take on political parties as vehicles for class interests is more compelling In 2016 our political world was changed forever by the victories of Brexit in the UK and Donald Trump in the USA Far from being confined to the Anglosphere however changes have also rocked the political landscapes in Europe As the crisis of 2008 has shaken the foundations of Western societies shrinking the size of the previously all powerful middle class new classes have emerged and with them a new political demand that new or old parties have tried to satisfy This book will be of key interest to political practitioners politicians advisors consultants journalists political pundits party builders and government officials and more broadly to academics students and readers of European and Western politics political sociology party politics and political parties and electoral demographics
