Anthony: When clowns make laws for queens, 1880 to 1887* Elizabeth Cady Stanton, 1997 At the opening of this volume suffragists hoped to speed passage of a sixteenth amendment to the Constitution through the creation of Select Committees on Woman Suffrage in Congress Congress did not vote on the amendment until January 1887 Then in a matter of a week suffragists were dealt two major blows the Senate defeated the amendment and the Senate and House reached agreement on the Edmunds Tucker Act disenfranchising all women in the Territory of Utah **Interpreting American Democracy in France** Walter Dennis Gray, 1994 Interpreting American Democracy in France is a study of the French savant liberal politician and Americanist Edouard Laboulaye Laboulaye who was a professor at the College de France is perhaps best known in America today as president of the Union Franco Americaine which raised funds in France for the Statute of Liberty He was also well known to Americans in the nineteenth century particularly for his staunch support of the Union in the American Civil War He and his circle influenced French public opinion and were instrumental in preventing the government of Napoleon III from recognizing the Confederacy After the Revolutions of 1848 the aftermath of which disillusioned him a dominant theme in Laboulaye's writings was that America provided France with a model constitution that guaranteed individual liberties and a stable political system it was his great hope that his country would follow this example As France's leading Americanist Laboulaye's energies were devoted to lectures on American history and politics and work on behalf of the North during the Civil War He was also a translator of the works of those Americans for whom he had a special devotion Franklin Channing and Mann As a founding father of the Third Republic Laboulaye drew great satisfaction from the fact that some principles drawn from the American political tradition were embodied in its constitutional laws Additionally Laboulaye was the first Frenchman to give a course on American history at a French university and he later published a three volume history of the United States which stands as his masterpiece He was a member of the liberal opposition to Napoleon III and after 1870 became active in the Third Republic serving as deputy and later senator for life In France Laboulaye is primarily known as a professor at the respected College de France a position he maintained throughout his entire career and as a member of the Institut de France He was also president of the French Anti Slavery Society Laboulaye was in fact a savant of almost universal interests who held a place at the center of French intellectual life during the Second Empire and the early Third Republic His bibliography comprised of books pamphlets essays children's stories and articles totals over two hundred entries His final years as a senator for life were devoted in large part to a successful fundraising campaign for the Statute of Liberty which he did not live to see erected in New York Harbor and to carrying on the fight for political liberty as he envisioned it This book is based on extensive research into the unpublished papers of Laboulaye which are still in his family's possession and manuscripts in other depositories in France and the United States BOOK JACKET Title Summary field
