Fox, 2004-01-01 Robin Fox has had a fascinating adventurous and funny life. It would make a great movie. Peter Cattaneo  
director of Academy Award nominee for Best Picture *The Full Monty*. *Participant Observer* is so well written, so high table  
picaresque, so obsessively learned, so slant, so provocative and skitterish. Who is this remarkable third person writer  
pirouetting all around me? An important work, stylistically and an important account of a chapter in intellectual history. E.O.  
Wilson *Sociobiology*, *The New Synthesis*. *Participant Observer* describes a fascinating intellectual odyssey. It is both a  
commentary on a career and equally an interpretation of the significant changes in the development of the social sciences  
during the period. He evokes forceful memories of English university life as it was poised to be transformed from an elite to a  
mass system of tertiary education. It is a celebration of the interconnectedness between thought and action. Lord Smith of  
Clifton, former vice chancellor, *The University of Ulster*. A whirlwind ride through the formative years of modern anthropology.  
Robin Fox has never failed to entertain me. *Desmond Morris*, *The Naked Ape*. *Participant Observer* is a romp at blazing speed  
and with unfailing wit and verve through the great period of anthropology. It is full of brilliant portraits of the great actors of  
that drama and indeed of many of the leading figures of the last several decades in politics, show business, the arts and the  
sciences in general. It represents a worldview that we need now more than ever: one that loves the human race in all its self  
ignorance, its tragic contradictions and its foolish hopes. *Frederick Turner*, *Genesis: An Epic Poem*. Robin Fox writes with great  
charm, directness and wit. His thinking is always independent and original. The unusual idea of combining a history of  
anthropology with the anthropologist's personal memoirs opens unexpected emotional and intellectual depths. *Mary Douglas*,  
*Purity and Danger*. A memoir that deftly blends the nascence of the tectonic shift in the way humans perceive themselves with  
the way one human sees his own fascinating life. The result is a witty, artfully written autobiography that is both important in  
the history of ideas and a joy to read. *William Wright*, *Lillian Hellman: The Image*, *The Woman*. Robin Fox has written a spirited,  
poetic, amusing and erudite account of his journey through life and science. As his thoughtful and adventurous narrative  
unfolds, you come to understand the major twentieth century ideas and events that have revolutionized the social sciences.
