Don't Divorce Diane Medved, 2017-03-06 If you're in a troubled marriage divorce might seem like a reasonable option But in most cases it's a calamity Shows like Bravo's *Girlfriends Guide to Divorce* and HBO's *Divorce* normalize the dissolution of marriage making couples feel that divorce can be a happy new beginning Celebrities suggest a norm that divorce is not only acceptable but advisable Gwyneth Paltrow's conscious uncoupling makes divorce seem trendy and enlightened Today couples are even throwing divorce parties complete with invitations and caterers Enough says psychologist Diane Medved If you're hurtling down the road to divorce the first thing to do is to put on the brakes Don't let your spouse your friends or the divorce industry rush you into ending your marriage Take a deep breath and read this book Drawing on three decades of clinical and personal experience Dr Medved will show why you should save and revitalize your marriage She expertly unmasks the threats to marriage including hookup apps that promise non-committal sex and legions of professionals who are financially invested in your divorce She punctures one by one the arguments in favor of divorce proving that the good divorce is a myth Don't Divorce is the antidote to a pro-divorce culture the tool that will empower you to revive a dying marriage and recover the happiness that seems out of reach
